This is a mandatory service fee applied to all trade show exhibitors to cover the comprehensive logistics of handling your freight on-site. Specifically, the drayage service includes the following:

- Receiving and unloading your freight shipments from the carrier upon arrival at FL Fairgrounds.*
- Delivering all materials directly to your assigned booth space.*
- Storing your empty crates, pallets, or shipping containers in a secure facility throughout the duration of the event.*
- Returning all empty containers to your booth at the conclusion of the show for repacking.*
- Loading your packaged freight back onto the carrier's truck for outbound shipment.*

Please be advised that this fee is strictly for material handling within the exhibition hall and does not cover transportation costs to or from the venue. If you have any questions regarding how these charges are calculated based on the weight or volume of your shipment, please consult the event service manual or contact our logistics team directly.
