SALTLEAF GOLF CLUB

Between the hawks, osprey and deer and the lush native plantings everywhere you look, Saltleaf Golf Preserve brings a whole new meaning to “keep your eye on the ball.” Now open on the site of the former Raptor Bay Golf Club, our all new, daily fee destination course will continue a respectful co-existence with a 144-acre Florida uplands preserve. As well as adjacent Estero Bay, Florida’s very first aquatic preserve. All this quiet beauty comes with challenge and family fun too — thanks to the inspired design of legendary Raymond Floyd and exceptional Troon management.

For more information contact the course at (239) 390-4600. You may visit their site at www.saltleafgolf.com

WILD FLORIDA

Our resort is adjacent to the Estero aquatic preserve, the preserve is surrounded by mangroves, which offers coastline protection from weather.

The preserve is also a home to much of the unique wildlife found in S.W Florida. Some of the nuisance insects you will find here are; mosquitos, bees, and the very pesky no-see-ums. No-see-ums are especially pesky since you may not realize you were bitten for up to 48 hours.

DID YOU KNOW:

We sell a variety of insect repellent and after bite lotion. Some people have more severe reactions than others. Here are some tips:

- Use sunscreen first then bug spray on top.
- Reapply repellent during peak times, dawn and dusk are especially bad.
- Do not swat at bees (*they may become aggressive, and they swarm dead bees*).
- Avoid leaving sweet food and beverages unattended/uncovered and cover all food to prevent the birds from taking it.

WHAT WE DO:

- We spray the grounds for mosquitos and no-see-ums
- We report excessive activity to the lee county mosquito control unit
- We spray deterrent scents for bees and no seeums (*eucalyptus*)
