Cat V Installer Master Qualifier	No	1h	60	\$30	\$69

- **Re-examination Procedures** - Re-examinations must be completed within 90 calendar days of the original examination, however, no examinee is permitted to retake the failed examination more than two times within the 90-day period. If the applicant does not successfully complete and obtain a passing grade on the examination retake within the 90-day period, the examinee shall be given a failing grade. After a 30-day period, the applicant must reapply to retake the entire examination. Re-examination fees are the same as the posted exam fees and/or 3rd party exam fees. Testing times for partial retakes will be adjusted according to how many sections must be taken, allowing approximately 2 minutes per question.
- **Continuing Education Credits (CEUs)** - All license types listed are required to renew their Qualifier and/or Master Qualifier certificate every three years and submit 16 hours of approved continuing education. Two (2) of the 16 credit hours needed are required to be from one of the following topics: (a) Inspections and maintenance of LP gas facilities and equipment, (b) State and federal LP gas laws, rules and regulations, codes and standards, or (c) Gas emergency procedures, fire protection, or risk management planning. No more than two approved courses per topic as listed shall be accepted in order to meet the 16 hours requirement. No more than four credit hours shall be accepted for safety related meetings that have not been approved. Please visit www.FDACS.gov to obtain an "Approved Continuing Education Course List."
- Training is required for ALL employees, whether they are qualifiers or not, and refresher training must be conducted at three-year intervals. Documentation must be retained on file.
