WELCOME TO THE 36th ANNUAL FLORIDA RV SUPERSHOW!

On behalf of the Florida RV Trade Association (FRVTA) Board of Directors and show vendors, I'd like to thank you for attending the Florida RV SuperShow. Please keep in mind that in order to hold the show this year we had to implement some new policies. This includes temperature checks, building sanitation, mask requirements inside the buildings and RVs, social distancing when possible and more handwashing and sanitizer stations. The vendors will also be taking precautions to ensure a fun and safe environment. We thank you for your help and understanding!

The RV industry is seeing a surge never seen before. With more people choosing not to fly and looking for good, clean fun alternatives to travel, they have turned to RVing. You will see over 1,300 brand new RVs direct from the manufacturers. When we say there is an RV for every lifestyle and budget, you'll see we mean it. A helpful way to plan your day is to use the new FRVTA app. Just download the app on your Apple or Android device and use the menus to quickly locate RV's by make, model or type. It will help you locate all of the vendor booths in both supplier buildings. Also, to make it easier to get around this enormous show, trams are located in the parking lots and inside the show for your convenience.

RVing is all about fun and we think you'll find the 2021 Florida RV SuperShow an exciting experience. We've included lots of unique entertainment roaming throughout the facility. Every time you turn around you'll see unique entertainers to make your day more enjoyable. Over the weekend we open the Kid's Zone complete with games, entertainment and a rock-climbing wall, all free courtesy of the SuperShow.

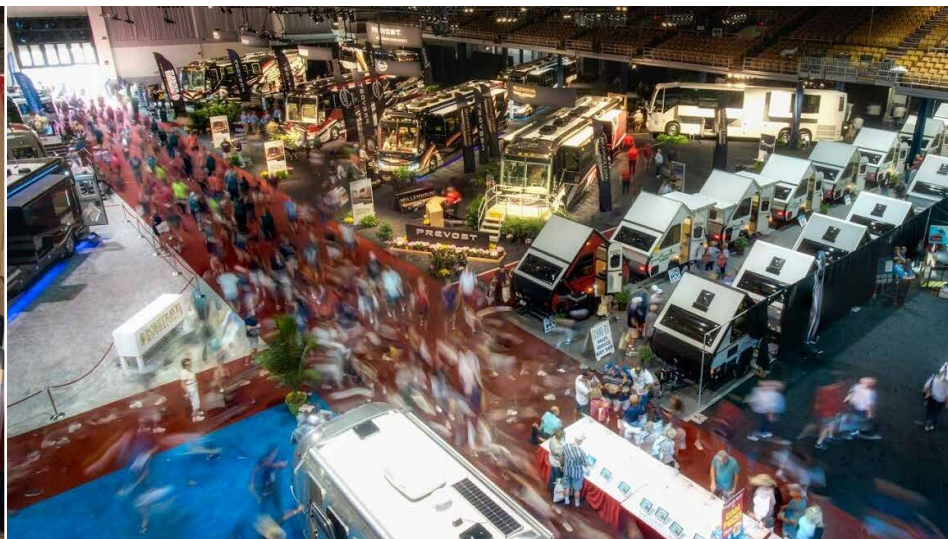

If it's education you're looking for, we've got it! Our popular seminars are back again this year and we've included some new content. Seminar topics include RVing Alaska, Guided RV Tours and Generator and Chassis Maintenance just to name a couple. Make sure to check out the full line up and start times on our website, app or posted at the seminar building. The presenters are there to provide you with in-depth information and answer all your questions on a wide range of subjects.

The FRVTA staff and members work hard to provide an entertaining and informative show for all. We hope you enjoy your experience and come back again next year!

Safe Travels,

Brian Copley

FRVTA President

2021 Newmar Dutch Star 4081

ORLANDO'S NEWMAR HEADQUARTERS Top 10 Newmar Dealer Offering Great Selection/Volume Pricing/Legendary Service

Independence RV is the only authorized Orlando Newmar dealer. Our knowledgeable sales team will assist you in matching the right model, length and floor plan with your RV lifestyle needs. Independence RV is located just 14 miles west of downtown Orlando on Hwy. 50, and west of the Florida Turnpike 267B Exit in Winter Garden.

WHAT'S FRVTA ALL ABOUT?

THE FLORIDA RV TRADE ASSOCIATION IS THE SPONSOR OF THE ANNUAL FLORIDA RV SUPERSHOW.

The Florida RV Trade Association (FRVTA) was established in 1979 with one purpose in mind — to promote the general welfare of the recreation vehicle and camping industries throughout the State of Florida.

Since 1979, the FRVTA (www.frvta.org) has undergone many changes, and today it is one of the largest state RV associations in the country.

The FRVTA is a nonprofit organization made up of campgrounds and resorts, RV dealers, finance and insurance firms, RV manufacturers, and service and supplier companies representing thousands of employees. All of these companies work together to ensure that customers receive the finest RV products, supplies, services and accommodations available. All FRVTA activities are coordinated through the state office, which consists of an executive director, marketing director, show director and support staff.

The FRVTA has divided the state into seven regions, allowing members to participate in local legislative matters and RV shows. In addition, the association has another region for out-of-state members. It includes just about every RV manufacturer, the nation's largest campground chains, national camping clubs, and a host of service and supply firms, insurance and financial companies. The FRVTA communicates with each region to keep members up to date on industry changes.

Keeping an eye on legislative matters at the state level, the FRVTA employs a full-time lobbyist in Tallahassee to be a watchdog over legislation that affects the RV industry. The association also supports candidates through the FRVTA Political Action Committee Fund.

The FRVTA sponsors a number of regional RV shows and the annual Florida RV SuperShow in Tampa. These shows not only allow the public to view a number of various RVs, they also are forums for educational seminars and camping clubs. These shows provide an introduction to the RV lifestyle. Through these shows and other activities, the FRVTA also works closely with state and local tourism officials to promote RVing and camping in Florida.

So, what does the FRVTA mean to you, the consumer? FRVTA dealers carry every major RV brand and manufacturer line. This means a greater selection and variety, whether you're looking for a travel trailer, fifth-wheel, park model or motorhome. Due to the large volume of new business, FRVTA dealers carry a huge inventory of quality used units, which means your trade-in will be worth more and your choice of used units will be endless. Don't forget to look for the FRVTA logo in campgrounds.

Whether you're shopping at a FRVTA dealership or RV show, or looking for the most modern and well-equipped campground or resort, look for the Florida RV Trade Association logo to be assured of the finest RV products, services and accommodations around.

For more information contact us at 813-741-0488 or visit www.frvta.org.

STROLL ALONG THE Riverwalk

A stroll along the Riverwalk is a wonderful way to experience Tampa's downtown and waterfront along the beautiful Hillsborough River.

This 2.6 mile pedestrian trail connects numerous Tampa venues and offers soothing sightseeing simply by taking a leisurely walk. The Riverwalk extends from the Channelside District west to the Tampa Convention Center and north up the east bank of the Hillsborough River to Water Works Park in Tampa Heights. From Riverwalk, you can return to the Bayshore Blvd. sidewalk by crossing over the Platt St. Bridge. This continuous pedestrian walkway connects Tampa's dynamic cultural venues and incorporates interpretive elements, parks, retail and restaurants.

PLATINUM

PLATINUM II

PLATINUM III

ARRIVA

THE Coach House Platinum (E-450 Ford), Platinum II (Mercedes), and Platinum III (Ford Transit) are downsized Class C motorhomes- also known as Class B-Plus which provide plenty of room on the inside without feeling over-sized on the road. The Arriva is a Class B built on a Mercedes Sprinter 3500 extended van chassis. All models are completely self-contained and offer all the comforts of home in a narrower profile.

PREMIUM FABRICATION:

A ROCK SOLID FOUNDATION:

THE INDUSTRY'S ONLY ONE-PIECE FIBERGLASS BODY
HAND LAID AND REINFORCED WITH CARBON FIBER

IT ALL STARTS WITH THE SHELL

The unequalled quality of the Platinum line starts with our superstructure: a one-piece, hand-laid molded fiberglass body, reinforced with carbon-fiber, specifically designed for the Mercedes Sprinter 3500, Ford E-450 or the Ford Transit 3500 chassis. This patented one-piece body reduces the chance of water leaks, provides a quiet ride and will last for many years with little maintenance. The interior of the shell is completely insulated (with an R-18 insulation factor). Each coach is hand-built by skilled craftsman with painstaking attention to detail and no shortcuts taken.

MEET Roadie!

Hi, I'm Roadie and I'm the mascot of the **Florida RV Trade Association (FRVTA)**. I was selected to be the mascot because of my vast knowledge of the State of Florida and of RVing.

Now you would think a pelican would spend his time on channel markers and sleeping on piers, but not in my case. My father would travel all over Florida in his RV and we always enjoyed all comforts of home. We would visit the sugar-white sandy beaches in the panhandle, the history of the St. Augustine area and enjoy sunsets on Florida's west coast. We are very lucky to have so many campgrounds to choose from here in Florida.

Today I travel all over the state to talk about the fun, freedom and flexibility of RV travel. Be sure to say "Hi" when you see me, and if you need any advice on fishing, I'm your man...er, bird! Enjoy your travels and I'll see you down the road.

RVing in Florida offers an array of activities for the entire family, including outdoor fun, some of the best amusement parks in the United States and a variety of museums. On the following pages, see what Florida RVing has in store for you.

Stay in Touch WITH FRVTA

It is easier than ever before to keep up with trends in the RV Industry, get travel tips, contact local RV businesses and get all the information you need about statewide RV shows and the largest RV show in the country, the *Florida RV SuperShow*. FRVTA now has a new and improved website, can be liked and followed on a number of Social Media sites and recently launched its new MOBILE APP!

FRVTA launched its new and improved website (frvta.org). The new site makes it easier for the general public to get information about upcoming Regional RV Shows, the *Florida RV SuperShow* and the *Super Rally*. More importantly, the new site will give visitors more information about FRVTA members and an exact location of each member on a map.

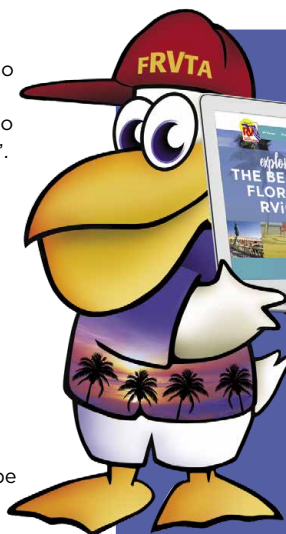

New to the FRVTA site is an ongoing blog section. "We are working with a number of bloggers so this section stays new, current and entertaining," said FRVTA Executive Director Dave Kelly. "The new site will also allow us to make additions/corrections at a minutes notice so the information stays up-to-date".

The new site also features a search function to make it easy to find campgrounds, RV dealers and service and supplies nearest to where you are. There is also a regional information page that has loads of information about the 7 FRVTA regions, things to do and see and much more information. We want our site to be

a complete guide to the State of Florida for not just RVers but anyone wanting more information about our state. Visit frvta.org today and get out there and enjoy Florida!

Follow the FRVTA on Facebook, YouTube, Instagram and Pinterest to get RV Lifestyle, FRVTA RV Resorts & Campgrounds and Destinations, RV Tips, Special Discounts, RV Show Notifications, and to stay in touch with the Florida RV Industry. On our social sites, you can easily ask questions and interact with the FRVTA. We encourage your input on places to see, your favorite restaurants, and those little known spots that you love to visit!

The newly launched mobile app is an RVers dream. Using your location, you will be able to find the closest service center, RV dealership, campground or hard to find parts and accessories. The app also helps you find road service, the closet gas or diesel station, restaurants, shopping, emergency clinics and even weather updates. The app is Apple and Google friendly and can be downloaded from any of the App Stores.

1. The Florida Aquarium

The Florida Aquarium in the Channelside district is a large-scale aquarium that allows visitors to get up close to many of Florida's aquatic and terrestrial animals and ecosystems, as well as others from around the world. Its conservation mission includes efforts to save the imperiled Florida Reef Tract, and involves customized laboratories and innovative research. Research and rescue efforts help restore Florida's sea turtle and coral populations. Special experiences include a Wild Dolphin Cruise and Penguin Backstage Pass. Online reservations are required to visit the aquarium, as a way to manage capacity and provide social distancing. Masks are required. www.flaquarium.org

Image courtesy of American Victory Ship & Museum

2. American Victory Ship & Museum

The S.S. American Victory ship is one of just four fully-operational WWII ships in the country. Visitors are welcomed onboard to experience nine decks and a massive three-level cargo hold, and take a personal trip into American maritime history. Twice a year the ship takes visitors on Relive History Cruises, usually in the spring and fall. The shipboard maritime museum is dedicated to honoring women and men who offered service worldwide during times of peace and war through the American Merchant Fleet, and is recognized on the National Register of Historic Places. Rare artifacts, medals, uniforms and photographs are included in the displays. The merchant marines serviced the U.S. Army, Marine Corps, Navy, Air Force and Coast Guard, carrying ammunition, goods, cargo and troops if necessary. www.americanvictory.org

3. TECO Streetcar

If you feel the need for a break on your Riverwalk stroll, try a ride on the TECO historic streetcar system. The system features historical replica streetcars of the original Tampa Streetcar Line. This service is a 2.7-mile line that runs along Downtown Tampa, through the Channel District, and Ybor City.

Tampa's first electric streetcar lines built in 1892 quickly became an essential part of everyday life as workers took the streetcar downtown and to the cigar factories of West Tampa. Families climbed aboard for picnics in DeSoto and Macfarlane parks. Reaching the peak of its popularity in the 1920s with almost 24 million passengers in 1926, Tampa's streetcar system rolled to a stop in August 1946 following World War II.

The TECO Line Streetcar is now free with extended morning and late night hours. The route includes multiple stops in downtown, in the Channelside District, and in Ybor City. Benches, shade canopies, and information kiosks are provided along the route.

4. Sparkman Wharf

An innovative area for office, retail, dining and entertainment is Sparkman Wharf, what was formally referred to as Channelside, on Channelside Dr. near the Aquarium. The wharf includes a Dining Garden that features 10 of Tampa's greatest chefs and restaurateurs in a relaxed waterfront setting. Fermented Reality Biergarten is an open air craft beer fest, offering 24 taps, with music. An area at the wharf often offers live music or a movie, which is fun for the family. There is a bowling alley as well. www.sparkmanwharf.com

THE TAMPA RIVER WALK

Historical

MONUMENTS TRAIL

The year was 1824 and the United States had recently taken possession of Florida from Spain when the first American settlers came to what is now the Tampa area. Within months, the U.S. Army established Fort Brooke to protect the strategic harbor at Tampa Bay at the mouth of the Hillsborough River on land that is today downtown Tampa.

Historical Monuments Trail

The Florida RV SuperShow is a must-see event for many RV and travel enthusiasts.

RV Makers Roll Out 2021 Models Tailored For a Surge of Current and New Buyers

More than 70,000 people visited the 2020 Florida RV SuperShow.

The Florida RV SuperShow provides a forum for manufacturers to display the latest models.

A spontaneous surge in demand from consumers looking for a healthy, virus-free mode of travel is driving RV industry growth.

For these consumers, the good news is that the demand they have created is challenging the RV industry to adapt to some new design parameters that are hitting the market in 2021 as you will clearly see in the following pages.

RV manufacturers have endeavored to tweak 2021 model interior designs to accommodate a wave of existing and new RVers who are taking their remote careers and homeschooled kids on the road.

You will see hand-sanitizing stations and “multi-purpose rooms” – bunkhouses that double as home offices by rearranging a couple of panels. Look for added storage areas and exterior luggage racks.

In addition, RV makers’ have also focused on younger and more adventurous buyers. These units are smaller and loaded with features such as solar power, lithium batteries, higher ground clearance and all-terrain tires that allow consumers to go “off road” or “off the grid” for longer-than-ever periods of time.

Following – in no particular order – are some of the best designs the RV industry has to offer for the 2021 model year as acknowledged by *RVBusiness* magazine’s staff and contributors.

You can see all of them right here at the 2021 Florida RV SuperShow. ■

DUTCHMEN RV YUKON 400RL: Dutchmen RV has been missing a high-line fifth-wheel for a number of years, according to officials at the Goshen, Ind.-based subsidiary of Thor Industries Inc. Enter the all-new Yukon 400RL. To make a splash in that segment Dutchmen not only needed to make the Yukon stand out from the crowd, but offer dealers a strong value proposition as well. The exterior boasts two pass-through storage bays with doors that are extra large with a standard slideout tray. Dual awnings also are employed on every unit, as is automatic leveling and a MORryde CRE suspension. The living room zone feels roomy because of its flat front-to-back roof line as opposed to a standard ceiling that slopes down to the back of the coach. In the kitchen, the 400RL sports a 78-inch island, providing increased countertop and drawer space, a larger sink and pullout trashcan storage. The walk-through bathroom is the largest found in any RV in the industry, the company says, and moving the washer/dryer out of the bedroom provided for additional storage.

400RL SPECIFICATIONS: Length: 42' 5", GVWR: 13,900 lbs.

ALLIANCE RV PARADIGM 390MP: The Paradigm, a full-profile premium fifth-wheel from Alliance RV, enters its second model year with the new 390MP, replete with consumer-driven features and construction attributes designed to add value and functionality. The start-up company founded just over a year-and-a-half ago by brothers Coley and Ryan Brady along with their father, retired Heartland RV president and CEO Brian Brady has gained impressive traction in such a short amount of time. The biggest news regarding the new 390MP – a 42-foot unit featuring a mid-coach office with loft above plus a rear U-shaped kitchen overlooking a spacious living area – is the amount of input from consumers that went into its design. The wide-body chassis the 390MP rides on provides more livability, and the running gear is among the most robust in the industry. The Paradigm also sports heavy-duty shackles and wet bolts, Super G tires rated at 4,400 pounds each, Dexter axles and a MORryde CRE 3000 suspension.

390MP SPECIFICATIONS: Length: 41' 11", GVWR: 16,800 lbs.

FLEETWOOD RV DISCOVERY LX 36HQ: The Fleetwood RV Discovery LX 36HQ with the special 25th Anniversary package is a couples coach with a unique innovation – a true island kitchen in a Class A motorhome. Fleetwood, a brand of the Decatur, Ind.-based REV Recreation Group, has created a wall-mounted, rotating dining table called the "Adaptable Dinette." It can be used as a standard dining table with freestanding chairs, or rotated 180 degrees and slid against the wall for use as a desk, buffet or bar overlooking the campsite. The coach features REV's custom Freedom Bridge chassis, which can support as much as 43,600 pounds while still maintaining 55-60 degree turning radius. The same sub-37-foot platform also features the cushiony V-Ride suspension and a 380hp Cummins engine. The Discovery LX 36HQ comes with Whirlpool residential appliances, three 15K BTU roof air conditioners and rear heat pump, 100W solar panel, exterior entertainment center, porcelain tile floor with front heat, Firefly Multiplex system with 7-inch color touchscreen, tile shower with glass door and skylight and Roadwire six-way power driver and passenger.

LX 36HQ SPECIFICATIONS: Length: 36' 9", GVWR: 36,400 lbs.

FOREST RIVER IBEX: The brand-new IBEX line by Forest River Inc. offers a practical solution for outdoor lovers who need a base camp for their adventures. With half a dozen models out of the gate, the IBEX pretty much has something for everyone. Lengths start at 23 feet and the IBEX lineup features 7-foot wide models weighing less than 5,000 pounds (UVW), and 8-foot wide units under 7,000 pounds. Configurations include two bunk models, two toy haulers and two models with a walk-around queen bed up front. All IBEX models feature: 6-cubic-foot refrigerator; a solar energy system with large panel, controller and 1000W inverter; cold weather package including a heated and enclosed underbelly, tank heaters; 15,000 Btu air conditioner; PVC roof with 15-year warranty; all-terrain tires and increased ground clearance; JBL wireless Bluetooth audio system; central vacuum system; 12-volt, 32-inch television; panoramic front window; seamless countertops; stainless steel appliances; and an outside cooktop. The IBEX is perfect for "adventure-loving travelers who do not wish to be constrained by the limits of their travel trailer," the company says.

20BHS SPECIFICATIONS: Length: 25', GVWR: 7,510 lbs.

VENTURE RV STRATUS ULTRA-LIGHT: Stratus Ultra-Light travel trailers from Shipshewana, Ind.-based Venture RV have it all, according to information provided by the company. An eye-catching exterior is mated to stunning decor and a long list of standard features. There is also an abundance of storage, including clever concealed spaces to stash even more items. An affordable ultra-lite, the Stratus offers a fresh, modern vibe. Floor plans with GVWRs ranging from 5,300 to 6,960 lbs. and lengths from 26' 5" to 36' 5" are available. Features include, 3/8-inch walkable PVC roof material with 20-year limited warranty, 4-3/8-inch truss rafters 16 inches on center, R-14 residential fiberglass insulation, vinyl interior ceiling panel, aerodynamic front profile, hitch light, carbon fiber pattern rock guard, easy-view LP tank cover with 2-20-pound tanks, tinted safety glass windows, luan structure board, high-gloss exterior fiberglass, radius exterior door w/screen-shot screen door, carbon fiber pattern accented slideout ends, 13.5K air conditioner standard with a 15K option, Secure Stance angled jack w/blue LED lights, flip-up aluminum Trek step, NXG huck-bolted frame, Wide Trek axles, nitrogen-filled 15" radial tires, high-polished aluminum rims, Undershield insulated, heated & enclosed underbelly, residential duct heating, Darco moisture barrier, 16-inch on center floor joists with 5/8-inch tongue-in-groove flooring, residential carpet, self-adjusting brakes and more. **SR281VBH SPECIFICATIONS:** Length: 32' 1", UVW: 6,510 lbs.

– TOP 2021 DEBUTS –

JAYCO JAY FEATHER MICRO 12SRK: The brand-new Jay Feather Micro line introduced by Middlebury, Ind.-based Jayco Inc., a subsidiary of Thor Industries Inc., taps into a couple of hot new segments in the current RV market – those looking for an off-grid experience and those looking for a travel trailer that can be towed with a smaller vehicle. Debuting with five floorplans ranging from 13 to 23 feet and dry weights starting at 1,500 pounds, there's no need to go out and buy a half-ton pickup to pull a Jay Feather Micro due in part to tough and lightweight Azdel composite construction. The single-axle 12SRK, with its 2,795-pound GVWR and 13-foot, 4-inch length, fits happily in the 3,000-pound tow vehicle segment. Four of the Micro's floorplans come in at under 4,000 pounds (UVW) and three models check in at 20 feet long, so they're easy to tow by just about any vehicle. The Micro features Goodyear Wrangler and higher ground clearance and everything is 12-volt in terms of power for off-grid performance. A Thule roof rack and a 190-watt solar panel also are offered.

12SRK SPECIFICATIONS: Length: 13' 9", GVWR: 2,795 lbs.

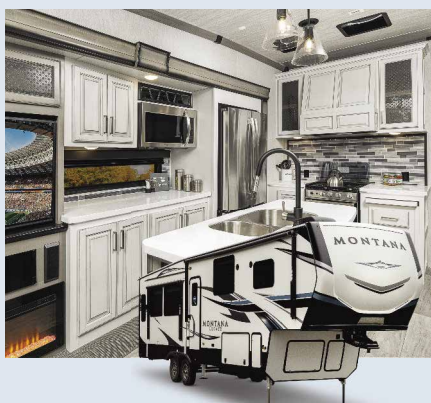

GRAND DESIGN RV SOLITUDE 346FLS: The Solitude 346FLS by Grand Design RV Co. creates a front living room fifth-wheel that looks and feels bigger than you might expect from a unit that doesn't even reach 38 feet long. The 346FLS packs a lot into its short frame because it offers five slideouts and a raised rear bedroom and bathroom with a huge amount of basement storage underneath. Two opposing slides are mid-coach, with the free-standing table and chairs on the campsite side. Opposite that is a kitchen slide, including an 18-cubic-foot refrigerator. Key features and amenities of the Solitude 346FLS include: automotive windshield,

built-in desk in kitchen area, dual-entry bathroom, MORryde power cord reel, pin box; CRE3000 suspension system and strut-assist solid entry steps; linoleum in slide floors; laminated sliderooms and rear wall; hardwood island, soffit, fascia and cabinet doors; wide body chassis; 30K dual stealth A/C; frameless windows; 6-Point hydraulic auto-leveling system; drop-frame chassis; HVAC system rated to 110 and zero degrees; hardwood window treatments and roller shade window coverings; rear hitch with 5-pin plug; solar prep; sunken tub shower with seat.

346FLS SPECIFICATIONS: Length: 37' 11", GVWR: 16,800 lbs.

KEYSTONE RV MONTANA 3231CK: Much of the talk about 2021 towable RVs has been focused on two categories: smaller travel trailers geared to first-timers, and enormous fifth-wheels blowing past the now-vacated maximum 430-square-foot rule. But with the introduction of the Montana 3231CK fifth-wheel, Keystone RV Company, the Goshen, Ind.-based subsidiary of Thor Industries Inc., saw plenty of opportunity between the small and the large with this 37-foot floor plan. While most features of the new 3231CK are shared with other Montana fifth-wheels, some are unique. One significant difference is in the kitchen. Rather than just add two feet of counter space to an existing 35-foot floorplan, Montana created a whole new kitchen layout. In place of the standard closet pantry that gobbles up counter space, the 3231CK employs a waist-high, four-drawer pullout pantry located beside the kitchen island with a deep, long countertop above. Like other 2021 Montanas, this model includes the Dexter Gladiator robust suspension and Nev-R-Adjust self-adjusting brakes. Disk brakes are optional. Other new features include Coleman-Mach Power-Saver air conditioners, factory prep for the Furion S-Vision three-camera, and multiple factory-installed full-solar system packages.

3231CK SPECIFICATIONS: Length: 37' 5", UVW: 12,955 lbs.

NEWMAR CANYON STAR: Short of calling it a "diesel puller" – as opposed to a diesel pusher – Newmar Corp., a Nappanee, Ind.-based subsidiary of Winnebago Industries Inc., has reinvented the front-engine Class A diesel concept with the introduction of the 2021 Canyon Star. Previously a gas coach, the platform for the new Canyon Star is Freightliner Custom Chassis Corp.'s MC front engine diesel chassis, powered by a Cummins B6.7 engine that provides 340 horsepower and 700 ft-lb of torque, and is paired with an Allison 2500 series transmission. Features include air ride on the rear drive axle and air braking system. As with all life-cycle changes, the Canyon Star has new front and rear caps and a completely redesigned cockpit and instrument panel offering a larger 9-inch Xite radio and 9-inch monitor system. In addition, the line has an all new interior design, which includes new cabinet doors and drawer fronts, new feature ceiling, new slideout facias, and new furniture supplied by Williamsburg Furniture in Nappanee. Newmar cut no corners on the Canyon Star's luxurious comfort and high livability.

SPECIFICATIONS: Length: 35' 11" to 39' 11", Weight: 30,000 lbs.

WINNEBAGO HIKE: The Winnebago Hike fits the bill for the adventurous traveler. The Hike is built for beyond the beaten path with its off-road look and off-the-grid, ready-for-adventure features. Available in five floorplans – three single-axle units at 20 feet, 7.5 inches long and two dual-axle models topping out at 25 feet – Hike models include a family bunk model, versatile Murphy Bed design and a variety of couples coaches. With dry weights ranging from 3,260 to 4,360 pounds, the Hike can be towed by many of the same SUVs its adventure-loving owners already have in their garage. The Hike is probably best known for its patented exoskeleton that lines the fiberglass front, roof and rear with powder-coated metal racks. It's equal parts roof rack, brush guard and statement-maker. Inside, adventurers will feel at home in a sleek interior thanks to the water-resistant woven vinyl flooring. The full overlay cabinet design offers light-colored woods and walls. High gloss gun-metal cabinetry, used in strategic overhead locations gives the interior a splash of color and style.

HIKE SPECIFICATIONS: Length: 20' 7.5" or 25', GVWR: 4,200 lbs. or 6,000 lbs.

COACHMEN SPORTSCOACH 354QS: The Sportscouch diesel division of Coachmen RV is unveiling the all-new 354QS, a quad-slide 36-foot, 3-inch coach built on the Freightliner XCS 26,000-pound chassis with a 340HP Cummins engine and 6-Speed Allison transmission. The new coach, with a 208-inch wheel base, will carry an approximate MSRP of \$240,000. Key features for the 354QS include quad slides, slideout generator tray, fire-place, induction cooktop with convection microwave, new front entry door, with a flat floor throughout and no step up into the rear bedroom. The 354QS also includes double lavatory sinks in the bathroom, a king bed, a 100-watt roof-mounted solar panel, a one-piece fiberglass roof and a new rear fiberglass cap. New features throughout the entire Sportscouch lineup include an outside kitchen option on select floorplans that includes a refrigerator and cooktop with hooks and a spice rack. Also standard on select floor plans will be an all-new king-sized Skylight – approximately 5 feet in length and 2 feet wide. Sportscouch provides the advantages of a rear diesel motorhome at a price that compares with some front engine gas motorhomes, the company says.

354QS SPECIFICATIONS: Length: 36' 3", GVWR: TBD

DYNAMAX EUROPA: Dynamax, the Forest River division that manufactures luxury Class C and Super C motorhomes, is launching an all-new Super C model for 2021 – the Europa. The new motorhome will be built on the Freightliner M2 106B chassis and will feature a Cummins 6.7L turbo diesel engine generating 360 horsepower and 800 lb.-ft. of torque. The Europa's first floorplan will be the 31SS, the shortest configuration Dynamax offers on the Freightliner chassis and one of the shortest in the industry for a Super C. The new coach is 33 feet, 4 inches long with a GVWR of 33,000 pounds. The 31SS includes a 16-cubic-foot residential refrigerator, a spacious 36-inch by 36-inch shower, and will sleep up to eight people. The new Europa boasts many of the same features as Dynamax's larger coaches – including an 8kW Onan generator; 2,800W pure sine wave inverter/charger; dual ducted low-profile 15,000-BTU air conditioners with heat pumps; 20.3-gallon LP tank; 40,000-BTU LP furnace; Girard tankless water heater; dual-pane frameless windows; Winegard Connect 2.0 Dome Antenna/WiFi Range Extender; and multiplex wiring with Bluetooth smart phone app control.

EUROPA SPECIFICATIONS: Length: 33' 11", GVWR: 33,000 lbs.

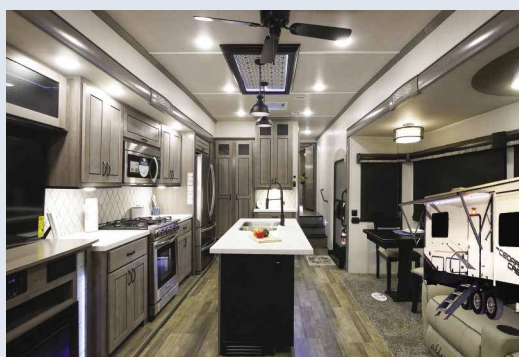

the standard solar panels to the roof-mounted air conditioner, to all the coach lights.

20T SPECIFICATIONS: Length: 20' 11", GVWR: 9,350 lbs.

ENTEGRA ETHOS 20T: The big news in 2021 for Entegra Coach, the luxury motorhome division of Jayco Inc., is the introduction of the Ethos, a Class B campervan that, like the rest of the Entegra lineup, promises to be the "quietest riding, best handling coach on the market." Built on the Ram ProMaster 3500 window-van chassis, the Ethos debuts with the 20T model, a twin bed, rear bath configuration with the kitchen on the driver's side, as well as the 20A, which features two independent bucket seats behind the driver and passenger seats in the cockpit. Both cockpit seats on the 20A swivel and the 20A are going to have a side wet bath adjacent to a kitchen complete with a 5.3-cubic-foot full refrigerator. Opposite that is a 48-by-76-inch bed that converts down to a sofa. Other features include high-gloss, European-style Tecnoform cabinetry, Winegard Connect 2.0 WiFi and 4G, Pioneer sound system with Apple CarPlay and Android Auto, convection microwave, and the Firefly Multiplex system that will control everything from

EAST TO WEST TANDARA: East To West RV, a relatively new division of Forest River Inc., debuted a new mid-profile fifth-wheel – the Tandara – in the fall of 2020. Tandara is a word from the indigenous people of Australia meaning, "camp here." The word "perfectly embodies the adventurous spirit of our new fifth-wheel brand," the company says. The Tandara is focused on retail price points below \$60,000 with the eight best-selling floor plans in the mid-profile category. A design with lots of windows helps highlight light, bright modern interior décor. Traditional carpet was removed traditional from all of its floorplans and marine grade flooring was installed. The entertainment center on every floorplan is positioned for optimal viewing angles from the theater seating. Tandara's features include: artisan maple interior décor with residential Shaker-style cabinet doors and hidden hinges, double door pantry and coat closet, 78-inch wide hide-a-bed sofa with built-in end tables and panoramic windows, 6-foot 4-inch tall main slideout with wall-hugger theater seating and panoramic windows, 70x80-inch king bed with residential bedspread and an aerodynamic fiberglass front cap with seamless high visibility LED lights.

TANDARA SPECIFICATIONS: Length: 33' 4" to 41' 3", GVWR: 13,655 to 16,215

FOREST RIVER CEDAR CREEK 345IK: With a new look both inside and out, Cedar Creek by Forest River Inc. enters 2021 ready to further make its mark in the full-profile fifth-wheel segment. Cedar Creek offers 11 new floorplans ranging from the 33-foot, 3-inch 291RW all the way up to two models measuring out at 40 feet, 11 inches. Dry weights start at 11,244 pounds for the 311RL and top out at 14,190 for the 385TH. Cargo carrying capacity starts at about 2,800 pounds, with most models checking in at 3,000-plus, all the way up to nearly 5,000 pounds on the 388DB. The 345IK is a prime example of the all-new Cedar Creek. With its up-front bedroom, three-piece bath and the island kitchen and living area on the main level, the configuration is familiar. Yet the Cedar Creek team manages to pull it off with clever details and customer-friendly conveniences, such as the double-basin vanity, hydraulic slides, heated and enclosed underbelly, 12-volt heating pads on every holding tanks, optional pullout exterior kitchen and a bedroom with plenty of room to get in and out of the king bed.

345IK SPECIFICATIONS: Length: 37' 1", UGV: 12,224 lbs.

– TOP 2021 DEBUTS –

GRAND DESIGN TRANSCEND XPLO 240ML: The Transcend Xplor line of travel trailers is considered the first step into the Grand Design RV family, and is especially popular among first-time buyers, younger couples and younger families, the company says. With 11 models from which to choose ranging from the 200 MK (length: 24' 11"; UVW: 4,796 lbs.) to the 321BH (length: 36' 11"; UVW: 7,738 lbs.), the lineup includes a variety of configurations suitable for solo travelers, couples and families. The 240ML packs a lot of punch in a small package. It features a walk-around 60-by-80-inch queen bed up front that can be closed off by a solid sliding door. At the rear is a three-piece bathroom in one corner, while the galley begins in the other corner and extends into the street side slideout. That same slide houses the 60-inch trifold sofa or optional theater seating, which is opposite the dinette and television above. A convenient nook with show storage off the entry door is an example of Grand Design's attention to detail with regard to understanding the needs of its camping customers.

240ML SPECIFICATIONS: Length: 29' 9", GVWR: 7,495 lbs.

FOREST RIVER IMPRESSION 270RK: The Impression fifth-wheel brand has been redesigned for 2021 with high-end luxury features that are built on a full-profile platform with a mid-profile price. The Impression lineup – featuring three new floorplans – has a little bit of everything so just about everyone will find an Impression that's perfect for their camping needs. Among the highlights are Goodyear Endurance tires, SHURflo water pressure regulator, upgraded insulation with 12-volt heat pads, front windshield, stackable washer/dryer prep, large pantry, automatic four-point leveling system, a free-standing dinette with a bench/ottoman storage, and a 2-inch hitch receiver. The 270RK is a bit of a twist on a familiar fifth-wheel floorplan. Most manufacturers have a rear living model with a sofa across the back and theater seating in a campsite slide with the dining table and chairs, and on the streetside slide is the entertainment center. That configuration also will have an island kitchen in the mid-coach section. But the 270RK flips that design, putting the kitchen in the rear and the living area at mid-coach.

270RK SPECIFICATIONS: Length: 34' 5", UVW: 8,948 lbs.

THOR MOTOR COACH TELLARO 20AT: Available in three floorplans, including the 20AT with its optional retractable Pop-Top Sky Bunk, the Tellaro Class B motorhome by Thor Motor Coach boasts several upgrades for 2021. Built on the Ram ProMaster 3500 XT window van chassis, brought to life by a 3.6 liter V-6 with 280 horsepower and 260 lb.-ft. of torque, the front-wheel-drive foundation offers driving ease, peace-of-mind and fuel efficiency in all weather conditions, according to the company. The modern cockpit interface comes with a Sequence Pioneer Touchscreen Dash, offering SiriusXM, Apple CarPlay and Android Auto and navigation. Multiple USB ports and cup holders aid in a more enjoyable trip.

The interior layout of Tellaro is designed to maximize the unobtrusive 20 feet, 11 inches length, which provides more accessibility to National Parks, city driving and parallel parking. The new 20KT features an expanding sleeper sofa, Thule accessories and swivel cockpit chairs with a flip-up countertop workspace at the passenger seat. It has one of the largest refrigerators in the Class B market – a 4.3-cubic-foot, 12V stainless electric unit.

20AT SPECIFICATIONS: Length: 20' 11", GVWR: 9,350 lbs.

CROSSROADS RV CAMEO 3701RL: The new Cameo 3701RL full-profile fifth-wheel from CrossRoads RV offers new features inside and out. New to the exterior this year is a white fiberglass finish, changed from last year's oyster tan, and a new, clean and modern graphics package as well. The full-featured 3701RL has no options, offering an efficient decision-making process for consumers and a quick replacement and turnaround for dealers. The no-option floorplan also helps promote consistency for sales associates who don't have to guess which unit has which options. The unit also boasts CrossRoads RV's "Twice Is Nice" package, which offers two of many key features buyers most look for, including 15,000 BTU air conditioners, Onan generators, exterior security lights, TVs, fireplaces, wireless charging stations and pull-out pantry doors. CrossRoads worked to lighten the interior with a contemporary look, including light gray walls with black trim, and light solid-surface countertops with a darker floor. A 50-inch TV and 36-inch fireplace are featured, along with Furion appliances, a convection microwave and a residential-sized refrigerator. The 3701RL is one of three Cameos that have a windshield for panoramic views.

3701RL SPECIFICATIONS: Length: 40' 1", GVWR: 15,400 lbs.

HEARTLAND NORTH TRAIL 24 DBS: Heartland RV called 2021 the "Year of the Product" and one needs to look no further than the North Trail 24 DBS for proof of that. The travel trailer features new looks inside and out, plus the type of innovation that is sure to strike a chord among consumers. Measuring out a half an inch shy of 31 feet, the features of the 24 DBS start on the outside with the pass-through storage across the front, which the company is calling its "King Kong Sized Storage." Also on the outside, the North Trail's Wide-Trax suspension system provides a smoother ride. But the most noteworthy innovation of the 24 DBS is found inside the camper. The No. 1 seller in laminated travel trailers is the short bunkhouse, a 30-foot unit that can be towed by an SUV. But to do that, designers put double-over-double bunks in the living space. This means the kids are sleeping in the living space. The 24 DBS locates the rear double-over-double bunks within the street side slideout, freeing up the main floor for the living area.

24 DBS SPECIFICATIONS: Length: 30' 10.5", GVWR: 8,600 lbs.

KZ ESCAPE HATCH E17: The new E17 Hatch, one of three models in the Escape travel trailer line's new Hatch series by KZ RV, offers an interesting feature – an over-sized door in the rear that all but begged to be called the "Escape Hatch." The whole purpose of the Hatch was for off-grid campers as it offers a way to have the back door open and get tons of air flow, because off-grid campers can't have an air conditioner running all the time. Another feature of the purpose-driven Hatch Series is that you can load kayaks, bicycles or anything else into it through the large hatch door. All three models have a rear dinette. With the removable tables stowed away, the space creates plenty of cargo room for those types of big items. The hatch door also acts as a second awning. The Hatch Series offers an available off-grid package that includes a 100-watt solar panel and a 1,000-watt inverter that powers a 110-volt kitchen outlet. It comes standard with off-road tires and an enclosed, heated underbelly that also incorporates 12-volt heaters on each tank.

HATCH SPECIFICATIONS: Length: 15' 3" to 23' 8", GVWR: 2,750 to 3,750 lbs.

LANCE 1770 ULTRA-LIGHT: Long known for its truck camper line, Lance Camper Manufacturing, the California-based subsidiary of REV Recreation Group, continues its aggressive foray into the travel trailer market with the launch of the Lance 1770 Ultra-Light. Totally new for 2021, the 1770 is a svelte 20-footer without a slideout room and features extra-large twin beds that can be pushed together to make a king-size bed. The U-shaped dinette up front accommodates any size gathering, while easily converting to a guest suite when needed. The Euro-inspired design combined with American influenced features results in an integrated travel trailer, checking off all the "must-have" items on your RV shopping list – all in a compact dual-axle layout. The width is just over 96 inches wide, and exterior height including the optional 13.5M air conditioner is 10 feet, 2 inches. The interior headroom tops out at 6 feet, 6 inches. The dinette converts into a 40-by-80-inch bed, and the tank capacities for all three holding tanks – fresh water, black and gray – are 45 gallons each. It is equipped with a 5-cubic-foot.

1770 SPECIFICATIONS: Length: About 20 feet, GVWR: 6,200 lbs.

HOLIDAY RAMBLER NAUTICA 33TL: REV Recreation Group, Decatur, Ind., introduces the Nautica, a new Holiday Rambler Class A diesel motorhome for 2021. While the Nautica is shorter in length – ranging from 35 to 38 feet – each of the four Nautica models boasts spacious storage, roomy interiors and plenty of power. Built with a focus on engineering and construction, such as fiberglass-lined exterior bays and interlocking walls and ceiling, and higher-end features including the Aqua-Hot heating system, the Nautica offers premium diesel quality design that is typically aligned with a more expensive price point. Among the models is the 33TL, a triple-slide floorplan includes a patio side dinette, large galley and spacious bedroom with plenty of storage, and a 40-inch tele-vator/fireplace combo. Other Nautica models include the 34RX, 35MS, and 35QZ. All four floorplans are on the new REV-engineered Delta Foundation on the Freightliner Custom Chassis XCR platform and customers will have the choice of four exterior color ways, four premium interior wood selections and three premium décors to create the motorhome which best suits their style preference.

33TL SPECIFICATIONS: Length: 35' 4", GVWR: 32,400 lbs.

ENTEGRA ACCOLADE XL 37K: Built on the Freightliner S2RV chassis, the Accolade XL is Entegra Coach's take on the Super C motorhome. It delivers the power and performance of a front-engine diesel – a Cummins ISB 6.7L 360 HP diesel engine with 800 ft.-lb. torque, paired with an Allison 3000 MH automatic transmission – with the benefits of serviceability, safety and 12,000-pound towing capacity. It's also built with E-Z Drive Premier, Entegra's most advanced Class C ride and handling package featuring a computer-balanced driveshaft, rear air suspension, heavy-duty rear stabilizer bar, full air brakes, and SACHS shocks. The 37K is a bath-and-a-half unit with two slideouts: a king bed slide in the rear bedroom and a streetside slide in the living area that houses a pantry, dinette and L-shaped expandable sofa. The Accolade XL offers numerous features not found on the standard Accolade models, starting with the roof mounted, two-stage, 20-foot NOVA II Girard awning with fairing kit, chrome exterior baggage door latches, two 15K BTU roof A/C's with heat pumps and three distinct exterior paint schemes. Another significant feature is the Aqua-hot 250D hydronic water and heating system.

37K SPECIFICATIONS: Length: 39' 4", GVWR: 31,000 lbs.

PRIME TIME CRUSADER 305RLP: The 305RLP is a prime example of the new and improved Crusader fifth-wheel brand by Prime Time Manufacturing, a division of Forest River Inc. While the mid-profile unit's front-bedroom, rear-living configuration isn't all that unfamiliar, what makes the 305 truly appealing is its walk-in butler pantry off the island kitchen – in fact, the RLP stands for Rear Living Pantry. The Crusader line itself, which starts at about \$48,000 (MSRP), underwent a wholesale change for 2021. The 305 RLP sports a redesigned interior and exterior sporting

more of an automotive finish on the outside so the exterior flows from the skirt metal on the sidewall to new graphics using golds, blacks and some metallic silver. The Crusader logo carries that theme as a raised-chrome emblem that's very automotive. That same style is carried through to the inside, which offers a cozy yet striking appeal, including a modern farmhouse look with the addition of a residential hardwood butcher-block countertop. Another functional feature is the hatch right

inside the entry door, which offers a convenient place for keys, phones and other often-needed items.

305RLP SPECIFICATIONS: Length: Just under 34', UVW: Just under 9,000 lbs.

– TOP 2021 DEBUTS –

GULF STREAM CONQUEST 63111 One of 13 floorplans for the Conquest Class C motorhome brand, the 63111 model underwent a dramatic change to a contemporary décor for 2021. Ranging from the non-slide 6237LE (length: 24'1"; GVWR: 12,500 lbs.) to the double-slide 6320 (length: 32'8"; GVWR: 14,500 lbs.), the Conquest motorhome is a stalwart for Gulf Stream Coach in Nap-panee, Ind., so when the brand was reimagined for the new model year it was no small undertaking. While the white exterior remains, gone is the champagne option in favor of a modern gray. Partial paint is standard, but a full-body paint is now available, and the graphics package also has been updated, giving the Conquest a much more streamlined look. Inside, decor went from a tan and brown scheme to various shades of grays, and understated textures and patterns. The 63111 features two slideouts. The first is on the door side and houses a set of bunk beds and the wardrobe for the rear bedroom. The second slide, housing the stove and jackknife sofa, is on the driver's side in the living area.

63111 SPECIFICATIONS: Length: 32', GVWR: 14,500 lbs.

NÜCAMP BAREFOOT: Founded in the UK, the Barefoot Caravan is an egg-shaped fiberglass hull travel trailer packed with amenities – which Sugarcreek, Ohio-based nüCamp RV was set to bring stateside by the end of 2020. The Barefoot Caravan was created in 2015 by Cathy Chamberlain, who spent three years designing the fiberglass camper with automotive and transport design students at nearby Coventry University. At about 16 feet long, the monocoque, egg-shaped body features a compact living space that can sleep two. The inside offers a small kitchen area with a fridge, a two-burner stove, solid oak countertops, and a sink. The Barefoot delivers a shower, cassette toilet, mirror and sink combo. A good-sized seating and dining area transforms into a 6-foot by 6-foot bed, which can sleep two. Windows with screens and blackout blinds, LED lighting and a heating and hot water system come standard, as do the retro-styled 13-inch hubcaps. There are loads of storage cubby holes to stash clothes and other gear, and the Barefoot even comes with a small wine rack.

BAREFOOT SPECIFICATIONS: Length: 16' 8", GVWR: 2,116 lbs.

AMERICAN COACH AMERICAN TRADITION 37S: REV Recreation Group's American Coach brings back the Tradition for 2021 in three floorplans. Riding on an exclusive Liberty Bridge chassis and utilizing a Cummins L9 450 horsepower engine, the Tradition Class A offers all the luxury and amenities for which the brand is known. When it comes to what makes a luxury brand, there are three key factors: materials, craftsmanship and legacy, the company states. American Coach, uses only top-of-the-line components and the latest technology, then follows rigid construction standards. Features aboard the new 37S include DriveTech controls, Optiview instrument cluster, Select Drive, new upper and lower front caps, exterior entertainment center with 50-inch Samsung LED TV, 10kW Cummins Onan quiet diesel generator, Aqua-Hot 400D heating system, three 15K BTU roof air conditioning units with front and rear heat pumps, Winegard 360-degree antenna, full rear RockGard with stainless steel trim, galley farmhouse sink, Apex custom residential furniture, Roadwire heated driver and passenger seats, Whirlpool black stainless refrigerator with in-door ice and water dispenser, heated porcelain tile throughout, tile shower with glass enclosure and articulating king bed with custom Wolf mattress.

TRADITION 37S SPECIFICATIONS: Length: 37.92', GVWR: 41,000 lbs.

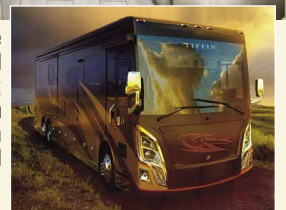

WINNEBAGO 4X4 REVEL 44E: With the Winnebago 4x4 Revel – built on the 144-inch wheelbase Mercedes-Benz 4x4 Sprinter chassis and powered by a 188hp 3.0L M-B turbo-diesel – it's time that RVers "start treating roads more like suggestions," according to the manufacturer. The function-fueled design, powered by the reliability of a 3-liter turbo diesel engine and the freedom of on-demand 4WD, means going off-grid is never off the table. Off-grid RVers will further rejoice in that the 44E now features two 125-amp hour LiFePO batteries that can be monitored via Bluetooth and connected to a 2,000-watt Xantrex power inverter, and a dedicated 200-amp alternator charges the batteries. Also, a new diesel-fueled hydronic heating system provides comfortable, quiet heating, and is controlled by a user-friendly LED touchscreen panel. Redesigned dinette seating features elevated comfort, discreet storage, two seat belts, and a movable pedestal table for flexibility. And the dinette area itself is reconfigured for more space. The 21-gallon water tank and a new water control center are now mounted curb-side inside the rear of the cargo area.

44E SPECIFICATIONS: Length: 19' 7", GVWR: 9,050 lbs.

TIFFIN MOTOR HOMES ZEPHYR 45 PZ: Tiffin Motor Homes Inc., the family-held motorized RV manufacturer headquartered in Red Bay, Ala., has put a charge – literally – into its top-of-the-line Zephyr diesel pusher for 2021. The company has partnered with Volta Power Systems in Holland, Mich., to offer an optional "Power Package" that, essentially, allows the motorhome to go without plugging into shore power for hours, if not days. The Power Package includes Volta's Energy Pack, an automotive-grade NMC lithium-ion battery bank, designed to run three RV air conditioners for eight hours, as well as an 11,000-watt, 58V alternator, that can charge four times faster than traditional alternators. Six roof-mount solar panels are an option. Interior amenities are numerous and, combined, elevate the Zephyr to the pinnacle of comfort and convenience. Features include: 12.5 kw Onan generator with power slide; 2800-watt pure sine wave inverter; Spyder multiplex coach control system with a 10-inch monitor; porcelain tile flooring; Hydronic heating system with continuous hot water; Ultra-leather furniture including six-way power, heated and cooled driver and passenger seats with lumbar supports.

45 PZ SPECIFICATIONS: Length: 45', GVWR: 51,000 lbs.

— MUST SEE RVs —

Aliner Family Camper

The Aliner Family Camper, like all campers in the Aliner lineup, comes in three equipment levels – standard, upgraded and deluxe. Standard models contain electric only, upgraded models include plumbing, propane and holding tanks, and deluxe adds more complex plumbing. *Length, 18'; GVWR, 2,000 lbs*

Cruiser Radiance R-28BH

The Radiance R-28H travel trailer by Cruiser RV for 2021 offers a patent-pending King Slide system and StorMor system, woven vinyl flooring, black-out roller shades, seamless countertops, Azdel composite laminated walls, patent-pending full belly storage, 6' 11" barrel roof, a painted and fully molded fiberglass cap and five-sided aluminum construction. *Length, 32' 11"; GVWR, 9,908 lbs.*

DRV Mobile Suites 41FKMB

The new Mobile Suites 41FKMB luxury fifth-wheel from DRV offers all the comforts of home, all the conveniences of a residential kitchen and one of the best builds available on the market today – including 3.25-inch walls. A solid box steel frame and the exclusive DRV 6-jack level-up system takes the worry out of setup and tear down. *Length, 42' 9"; GVWR, 22,000 lbs.*

Forest River Sierra C-Class

3770 – The 3770FL C-Class edition fifth-wheel has the same luxurious layout as Forest River's original front living floor plan at a fraction of the cost. With one of the largest front cap windows in the industry, this coach provides the perfect front view. The entertainment center offers a standard pop-up 50" flat screen TV and over-sized fireplace. A full walk-in shower also is featured. *Length, 40' 2"; GVWR, 14,175 lbs.*

Forest River Sabre 37FLL

One of three new floorplans for the Sabre brand of fifth-wheels by Forest River Inc., the 37FLL stands out due to its double lofts – reminiscent of a park model RV – both above the rear bedroom and bathroom. Other highlights include a front living room with three seating configurations surrounding the entertainment center, residential refrigerator and a U-shaped kitchen with plenty of counter space. *Length, 42' 9"; GVWR, TBD*

Forest River Wildcat 336 RLS

– The all-new Wildcat 336RLS

fifth-wheel offers a list of customer-centric features including hidden lift-up TV storage, arched roofs, Road Armor suspension with Dexter axles, extra-wide entry steps, power theater seating with massage and LED lights, LCI OneControl system, Maxx insulation package, 2" receiver hitch, auto leveling, rear/back camera prep and hitch assist light. *Length, 34' 8"; GVWR, 14,415 lbs.*

Coachmen Encore 325SS

The Encore offers the look, feel and drivability of a premium diesel machine, without the diesel price tag. A brand new line for Coachmen, the gas-powered Class A Encore is built for the long haul, offering a combination of power, luxury and livability. *Length, 35' 4"; GVWR, 14,175 lbs.*

Crossroads Sunset Trail

268RL – This 268RL travel trailer offers all-inclusive features like Super Lite six-sided aluminum construction, tri-fold sofas, glass top range, king bed, 60" x 80" residential bed, solid surface kitchen countertops, LED interior lights, extreme weather package, radius rafter and a fiberglass front cap. *Length, 30' 11"; GVWR, 7,580 lbs.*

Crossroads Zinger 280RB

Every Zinger travel trailer floorplan is designed to maximize storage, comfort and convenience, while the 280RB features one of the largest bathrooms you'll find in a travel trailer. Other features include 7-foot interior heights, heated and enclosed underbelly, black tank flush, and lumber core-screwed and glued cabinets. *Length, 32' 6"; GVWR, 6,638 lbs.*

Dutchmen Voltage 4225

– The Voltage 4225 toy hauler offers luxury, durability, roominess and a host of standard features including Polar Bear Breeze A/C, iN-Command remote access panel, Zero-G ramp door and king beds. *Length, 46' 8"; GVWR, 16,282 lbs.*

Jayco Eagle 24RE

– The 24RE is Jayco's shortest ½-ton towable fifth-wheel that fits in state and national parks. The couple's coach boasts a large pantry, whisper quiet AC, bedroom window for cross ventilation and natural light, rotational pin box and auto-leveling. *Length, 29' 42"; GVWR, 12,995 lbs.*

Coachmen Catalina Trail

Blazer 30THS – The newest addition to the Catalina travel trailer lineup is the Trail Blazer 30THS toy hauler. The 30THS features an industry-leading 16-foot garage and a walk-through bathroom. Other features include steel-to-steel tie-downs, a tongue-and-groove plywood garage floor and an optional party deck. *Length, 35' 11"; GVWR, 10,500 lbs.*

Grand Design Momentum G-Class 30G

– The Momentum 30G is a toy hauler travel trailer with a couple of twists: First, it has the most cargo area in the G-Class lineup and, second, it has a walk-around king bed. With seating space for up to 13 people and cargo room for four quad ATVs, the 30G is sure to attract the attention of toy-hauling RVers. *Length, 34' 11"; GVWR, 12,000 lbs.*

Gulf Stream Envision 25RLD

– A brand new floorplan for the Envision line of laminated lightweight travel trailers by Gulf Stream Coach, the 25RLD offers a big U-shaped dinette in a streetside slideout and a sofa along the back wall. A galley with ample counter space runs the majority of the camp-side wall, with an up-front bedroom and three-piece bathroom – accessible from both the bedroom and living area – completing the configuration. *Specs were unavailable.*

Gulf Stream Vintage Cruiser

23TWS – With its retro styling combined with modern features and construction, the Vintage Cruiser travel trailer line has struck a chord with consumers since its inception nearly a decade ago. With the 23TWS, the brand has its first twin bed model. Other features include Azdel walls, and a seamless fiberglass panel from the front hitch across the roof and down to the rear bumper. *Length, 26' 1"; GVWR, TBD*

Heartland Bighorn 3120RK

– The all-new Bighorn 3120RK fifth-wheel offers a design that inspires, construction that endures and value that is affordable. Bighorn innovations include a universal docking center, 88-degree turning radius front cap design, laminated floors and side walls, drop-frame Texas-size basement storage and hydraulic

landing gear. *Length, 36' 6"; GVWR, 16,500 lbs.*

Heartland Cyclone 4006

– The new Cyclone 4006 toy hauler from Heartland RV sports hardwood cabinets with a rich, durable finish that provides a truly residential look and feel. Interior spaciousness is maximized with mega-slides featuring large windows and residential furniture with built-in recliner. All Cyclones are equipped with a full-featured kitchen. *Length, 43' 6"; GVWR, 20,000 lbs.*

Highland Ridge Open Range Roamer 354MBH

– A completely new fifth-wheel line is in the offing from Highland Ridge RV. The company says the new mid-profile fiver is lighter and easier to tow than competitors and offers high-quality features like stainless steel appliances, arched ceilings and upgraded heating systems. *Length, 38'; GVWR, 11,100 lbs.*

Holiday Rambler Armada

44LE – The new Class A Armada 44LE includes a heated porcelain tile floor, fireplace, KING Universal satellite system, articulating king bed and residential-style appliances and furniture. Its roomy layout includes a "his and hers" bathroom and the exterior entertainment center has a 48" TV with a JBL soundbar with Bluetooth. *Length, 44'; GVWR, 43,600 lbs.*

Keystone Cougar 345UMR

– A new floorplan for the Cougar fifth-wheel lineup this year is the 345UMR, which stands for Utility Mud Room. Specifically, for pet owners and campers with active pursuits like fishing and hunting, the mud room at the rear of the coach features a walk-in dog/utility shower making it easy to rinse off without tracking dirt into the main living space. *Length, 36'; GVWR, 13,000 lbs.*

Shasta Sanitizing Station

– Standard equipment on the entire lineup of Shasta travel trailers for the new model year is a COVID-driven innovation – an outdoor sanitizing station. The design required an extension of the sideboard next to the bed, allowing for an expanded CPAP location inside. The Shasta travel trailer lineup includes 21 models – two toy haulers and 19 travel trailers – ranging in length from 22', 5" to 35', 11". GVWRs range from 5,050 to 9,530 lbs.

5. Cotanchobee Fort Brooke Park

Take a break and enjoy the views at Cotanchobee Fort Brooke Park. This beautiful park sits right on the waterfront along Garrison Channel in downtown Tampa. The 4.5-acre park includes playground equipment and a pier, as well as a memorial to the Seminole Indian Wars. The park is managed by the City of Tampa parks department, and is a great addition to the open-space feel of the area. The park includes a playground and splash pad for the kids, and Heroes Plaza to honor war veterans as well as police, fire, and emergency responders who have lost their lives in the line of duty. Boat slips are available for short- and long-term rental, as is a canoe launch. Cenotaph and Ceremonial Space, a space for reflection, is a stainless steel and bronze sculpture created by Native American artist Bob Haozous and was erected in honor of the dead whose remains lie elsewhere. www.tampagov.net/parks-and-recreation/featured-parks/cotanchobee-park

6. Tampa Bay History Center

The Tampa Bay History Center located along the Tampa Riverwalk features over three floors of exhibits covering 12,000 years of Florida history. Interactive stations and exhibits include documentation of the first native inhabitants, the Spanish Conquistadors, all the way through stories of the Cuban cigar rollers of Ybor City, and the cattle drives of Florida pioneers. The History Center, a Smithsonian Affiliate Museum, features waterfront dining at the Columbia Café, a member of the famous Columbia Restaurant family, and a museum store showcasing local crafts and artwork. One of Tampa's premier cultural attractions, the History Center's cutting-edge, interactive exhibits provide a fun and educational experience for visitors of all ages. www.tampabayhistorycenter.org

7. Columbia Cafe

The Columbia Cafe in the Tampa Bay History Center on the Tampa Riverwalk creates the charm and flavor of the original Columbia Restaurant in Ybor City, Florida's oldest restaurant. The Cafe offers a sampling of the Spanish- and Cuban-inspired dishes that make the 109-year-old restaurant famous. After several hours in the Tampa Bay History Center, it's a simple trip for lunch to the first floor and the patio to experience the Columbia Café outpost.
www.columbiarestaurant.com

8. Tampa Bay SUP & Kayaking

Paddling while standing on a surfboard is such a unique way to take in the sites, you will want to tackle the short learning curve at Tampa Bay SUP & Kayaking. Stand-up paddle boarding (SUP) is one of the fastest-growing water sport recreations in the world. The popularity of the modern sport of SUP has its origin in the Hawaiian Islands in the 20th century. A resurgence started in the early 1960s and is credited to the surfers who would stand on their long boards and paddle out with outrigger paddles to take pictures of the tourists learning to surf.

Tampa Bay SUP and Kayaking offers everything from lessons, rentals, sales, sunset tours, eco tours, and SUP YOGA to SUP parties, even corporate team-building events. Our main location is at the Tampa Marriott Water Street on the Riverwalk.

Nearly 200 years later, tourists and residents alike can learn the history of the Tampa area while strolling along the protected banks of the Hillsborough River in downtown Tampa thanks to the Riverwalk Historical Monument Trail.

Beautiful bronze and marble busts of 30 honorees tell the story of Tampa and Hillsborough County's most influential ancestors and the significant events that have shaped the area's history.

The trail is a collaborative effort of the nonprofit The Friends of the Riverwalk, Tampa Bay Historical Center, City of Tampa, Hillsborough County and others to provide an educational tool for all ages, a commemoration of the area's ancestors that have formed its culture, and an inspiration to the entire community. The trail has taken shape along the Riverwalk since 2012 thanks to private participation and matching grants.

The Historical Monument Trail Selection Committee is responsible for designating the honorees. Busts memorialize well-known names like Henry B. Plant, the builder of a transportation empire that included a railroad link in 1882 to the Port of Tampa and the construction of two huge hotels.

Weight Distributing Hitches for Every Tow Vehicle and Trailer

Our unique, computer-designed, adjustment-free hitch heads keep your trailer centered to your tow vehicle. Spring steel bars augment the suspensions of your tow vehicle and trailer, reducing road shock.

SwayPro™

Weight Distribution + Sway Prevention

Distributes trailer tongue weight evenly.	Prevents sway by bad roads, wind or weather.	Prevents sway even in rain or snow.	No noise created by friction.

9. eBoats Tampa

Another easy way to get out on the water in downtown Tampa right from the Riverwalk is eBoats Tampa. At the nearby Tampa Convention Center Docks you'll find electric boat rentals that seat up to 10 passengers. You can hire a captain or captain your own boat, no license needed. After a brief orientation, you're free to set off and explore the beautiful waterways. Reservations are strongly encouraged. www.eboatstampa.com

Image courtesy of Pirate Water Taxi

10. Pirate Water Taxi

Another exciting method of transportation between stops along the Hillsborough River, Davis Islands and Channelside is the Pirate Water Taxi. Pirate Water Taxi offers daily tours of Tampa with 14 stops located along the route near attractions, museums, restaurants and parks. Passengers buy tickets at the taxi's home dock (Stop #7 - Convention Center), online or after boarding the taxi at any of the stops located throughout downtown. Once purchased, a Pirate Water Taxi wristband allows passengers to hop on and off the taxi at any stop for unlimited rides all day. Regular stops are available on both sides of the Hillsborough River, beginning as far north as Rick's on the River, and continuing through to Bayshore Blvd., Davis Islands, Harbour Island, and Channelside. www.pirawatertaxi.com

11. Tampa Bay Water Bikes

Tampa Bay Water Bike Company allows you to cruise the Hillsborough River at about 5 mph while you get your exercise for the day. The bicycles are mounted on two pontoons and include attached containers for personal storage. This ultimate human powered watercraft is available to children as young as age 6. Families may want to consider tandem bikes, which are two single bikes connected side by side. Located on the river near the Curtis Hixon Park Playground, the company rents watercraft for \$30/hour or two hours for \$45 before discounts. www.tampawaterbikes.com

12. Kraken CycleBoats

Kraken CycleBoats are a unique way to see the sights along the Riverwalk from the water while enjoying refreshing beverages with friends and family. "Pedal powered party" is how the adventure is described by passengers who love the idea of bringing their own beverages to be stored in the boat's coolers. The group can take turns paddling, powering the Hillsborough River cruise along the Riverwalk, Curtis Hixon Park, the University of Tampa, the Straz Performing Arts Center, Julian B. Lane Park, and Water Works Park. Passengers board the boat from the docks at the Tampa Convention Center near the Sail Pavilion outdoor bar. The boat makes a halfway stop at the popular Armature Works, where additional beverages and snacks can be found. Back aboard, the music and drinks continue on the cruise back to the heart of the city past the high-rise buildings, parks, and restaurants that line the banks of the river. www.krakencycleboats.com/tampa

13. Tampa Convention Center

The Tampa Convention draws people from all over the world to international expos and conferences in a beautiful setting on the city's Riverwalk. To attract even larger events and more business and visitors, the City of Tampa agreed in October 2020 on a \$38 million program to update several buildings, install the newest convention venue technologies, and address sustainability initiatives. The project entails upgrades to existing meeting spaces, ballrooms, and exhibit halls, plus an additional two floors of new waterfront meeting rooms. The initial project is expected to be completed by 2023. Meanwhile, the Tampa Convention Center achieved the gold standard certification for cleanliness for prepared facilities in October 2020 for its implementation of stringent protocols and best practices to prepare for, respond to and recover from outbreaks and pandemics. www.tampagov.net/tcc/home

14. Agua Luces

The Agua Luces project illuminates five bridges over the Hillsborough River in what is described as an effort to bring the elements of light and color together for a powerful mix. The project was completed in August 2012, a few weeks before the Republican National Convention, to amplify the large role waterways play in Tampa's personality, and how beautiful the city looks from the water. Each bridge lighting is unique, and the changing colors reflected in the Hillsborough River create a bit of magic at night.

Agua Luces, an initiative of Tampa Bay's Mayor Buckhorn, encompassed the cleanup and lighting of the five downtown bridges in partnership, including with Tampa Electric Company and the Tampa Hillsborough Expressway Authority. www.lightswitch.net/portfolio/view/agua-luces

3 NEW WAYS TO NAVIGATE THE ROAD AHEAD

No matter how you like to roll, there's no better way to go than with a Winnebago RV. This year, we are proud to introduce three all-new vehicles: the stylish new JOURNEY®, the rugged new all-wheel-drive EKKO™ and the off-grid-capable HIKE.™

SPECIAL PRODUCT FOCUS

ESSENTIAL Products

There are certain products that are must-haves, that you need to stock up on before you head out on a trip.

With all the newest and best in RV products, the **2021 SuperShow** is the ideal place to find exactly what you are looking for at the best prices available anywhere. Here is a sampling of this year's must-have accessories.

For more information on any of the products in this section, visit the company websites that appear below a respective product, or see the product in person using the **SuperShow** space information provided.

DIVERSIFIED POWER SOLUTIONS - GASSTOP™

Scared of Propane? Do you leave your propane on while underway? Do you worry about a line coming apart and leaking while you are sleeping? Did you know that there are 20,000 RV fires a year?

Though we do NOT recommend leaving your propane on while driving (your refrigerator will keep food cold for at least 5 hours), GasStop™ will provide the 100% automatic shut down for your family, in case of major propane leak from accident or fire.

GasStop™ is the ONLY automatic 100% shut-off device for your RV propane gas system. In the event of a major leak GasStop™ will instantly and automatically shut off the flow of gas. Not only is this device an easy-to-install, easy to use autonomous must-have safety device, it also can help detect minor gas leaks, and has a useful multipurpose gas pressure indicator so that you never run out of propane.

GasStop™ - The Ultimate in Propane Safety! Visit our partners General RV and Lazydays RV to take advantage of our "great show pricing."

Feel free to stop by the GasStop™ display to learn more about our product.

General RV stop by A45 or B332 - Lazydays located at B700 - GasStop at A40.
www.diversifiedpower.com

GLASTOP RV FURNITURE

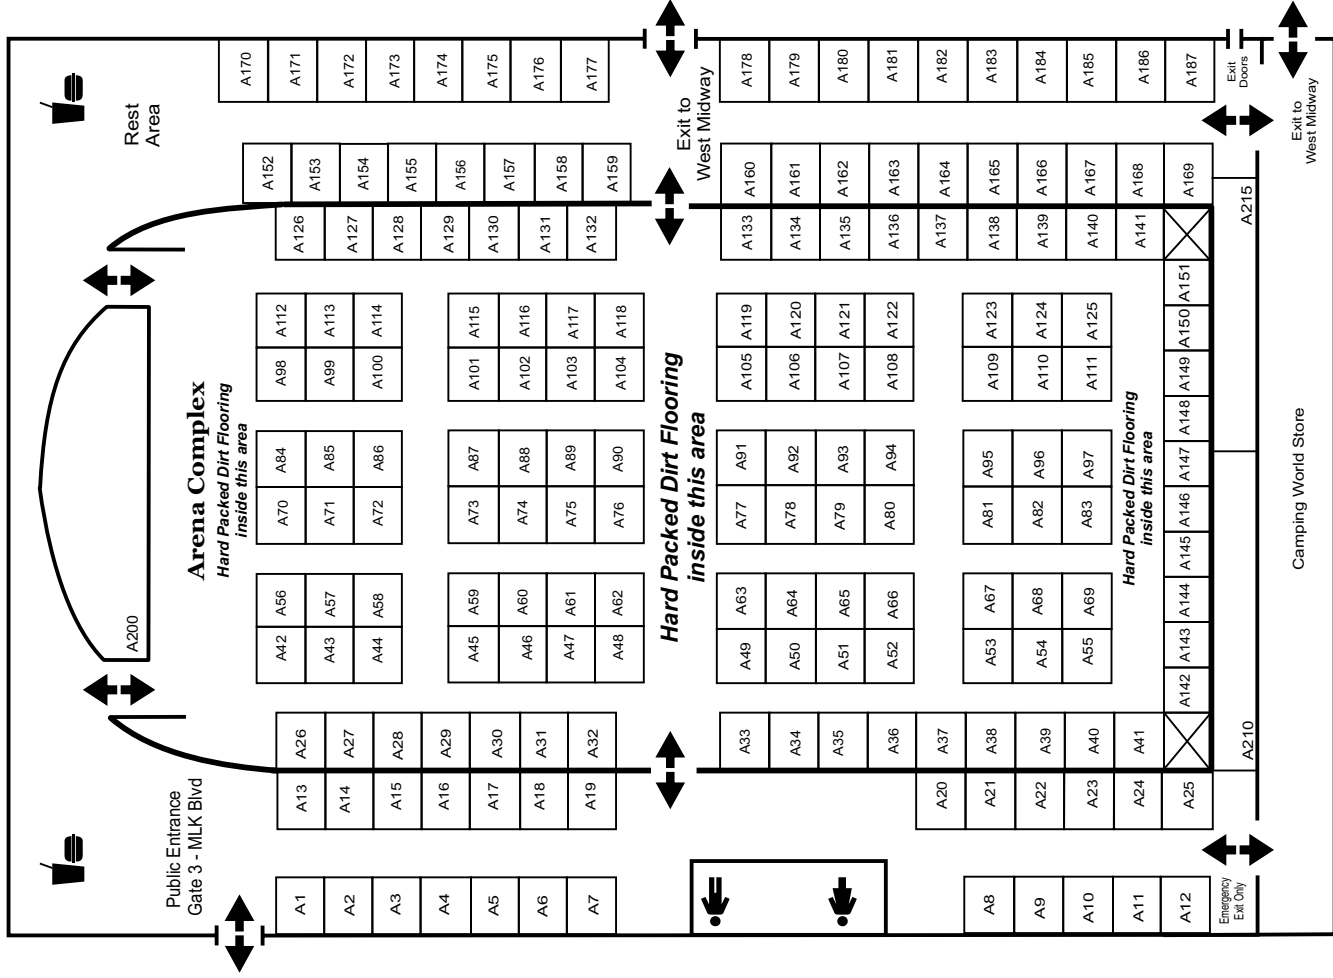

Glastop has been supplying and installing premium RV furniture for over 45 years and we've now (due to high product demand) used that extensive experience to design and expand a larger selection of our Captain Chair line. Glastop introduces their 2021 expanded line of top quality Captain Chairs by industry leading builders Villa (52 years) Flexstyle (33 years) and Pleasure Ride (20 years). This collection with its custom tailoring and maximum comfort feel can meet your every option need and application.

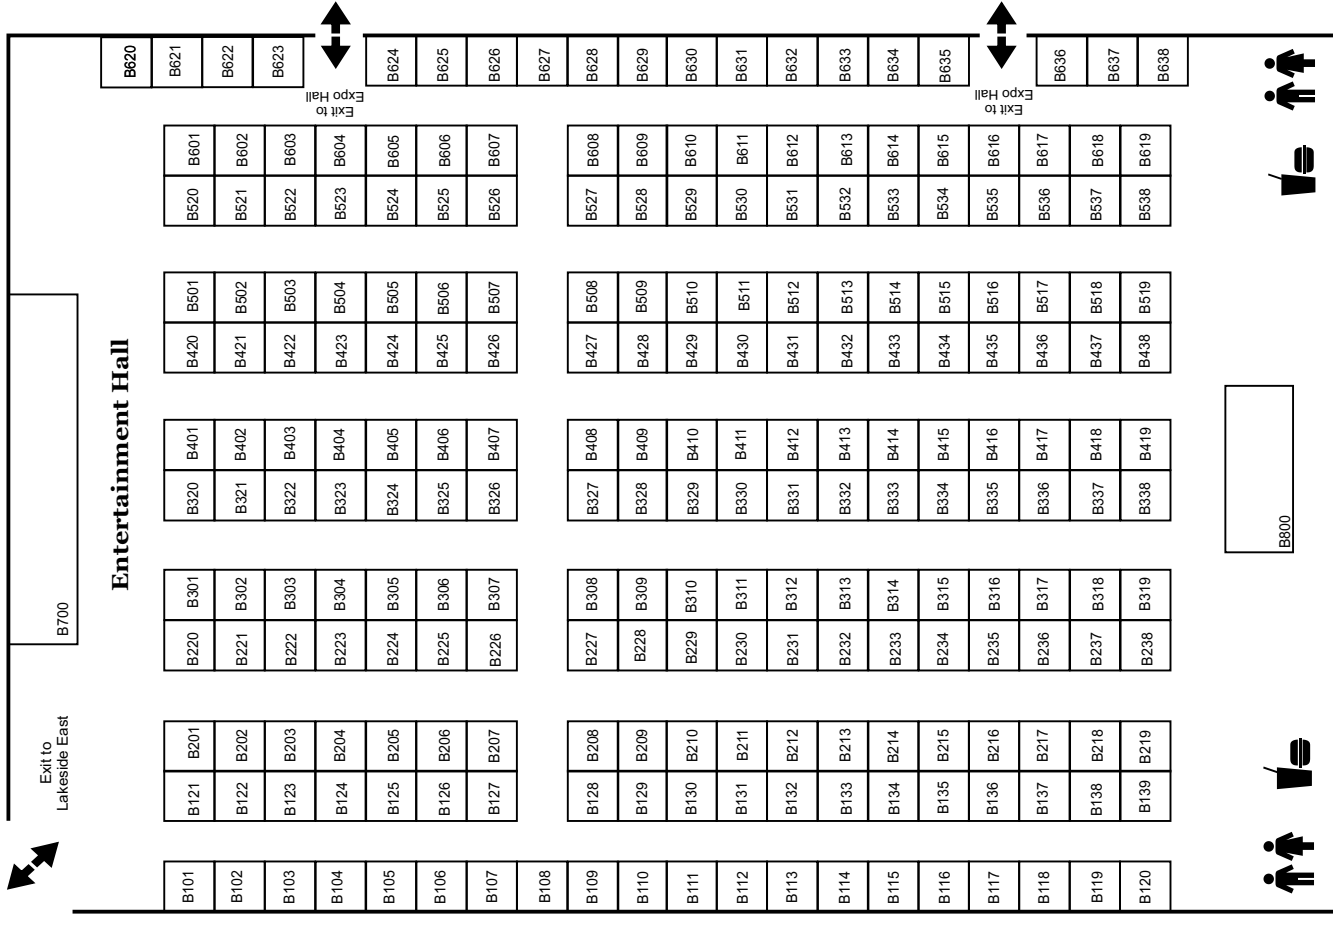

Stop by B401-B404 during the show.
www.glastop.com

In a market overwhelmed with entry level, poorly built RV Furniture that is upholstered with inferior Chinese fabric lasting only a few years, customers have been in desperate search of better quality furniture and adamantly a better quality fabric. We use only non-flaking genuine **Ultraleather** fabrics.

- Purchase the Truma Cooler at shop.truma.net and get a FREE insulated cover and FREE shipping with promo code **TAMPA21**.

15. Henry B. Plant Museum

Plan a trip to the Henry B. Plant Museum to take a stroll back in time and see the elegant lifestyle of the early Florida tourist. The beautiful setting for the museum is the 1891 Tampa Bay Hotel, a National Historic Landmark and part of the University of Tampa. The Victorian hotel contains the actual furnishings enjoyed by guests who traveled down to the Sunshine State by railroad. The exhibits and programs the museum offers tell the story of the opulence of turn-of-the-century America and the vision of American transportation pioneer, Henry B. Plant. A museum store, accessible online, offers a selection of books and gifts. In addition to limiting capacity in accordance with state guidelines, the museum requires protective facemasks and directs guests to online ticket purchases. It implements a regular schedule for cleaning and disinfecting of high-traffic areas. www.plantmuseum.com

17. Glazer Children's Museum

The mission of the Glazer Children's Museum is to create a learning laboratory where children play, discover, and connect with the world around them to develop as lifelong learners and leaders. In 2020, the museum celebrated 10 Years of Play in its downtown location, teaching children resilience, problem-solving, risk-taking, and empathy. During the pandemic, the museum continues to meet the needs of the families of Tampa Bay, from its internationally recognized virtual learning programs, to its comprehensive reopening plan that served as a benchmark in best practices for museums around the country. Its new School Support Camps and Virtual Field Trips are helping families and educators navigate non-traditional school practices. Enjoy the scenic route to the Glazer Children's Museum with the Pirate Water Taxi along the river and hop off at Stop 12 Curtis Hixon. The museum and Pirate Water Taxi provide reciprocal discounts. www.glazermuseum.org

16. Curtis Hixon Waterfront Park

The multi-purpose Curtis Hixon Waterfront Park is the perfect urban open space for festivals, concerts, sports and even outdoor yoga classes. Its two splash pads make it a popular spot for kids, along with playground equipment for children ages 2 to 12 years old. Shaded play structures and seating areas allow children and parents to enjoy the park even on hot summer days. A fenced-in dog park is popular: The run is restricted to one large dog or two small dogs per person at one time. Small dogs are considered as 30 lbs. and under, and all dogs must be at least 6 months old and display county license tags. The Pirate Water Taxi stops at the dock, and private boats are invited to dock as well. www.tampagov.net/parks-and-recreation/featured-parks/curtis-hixon

18. Tampa Museum of Art

The Tampa Museum of Art, celebrating 100 years, is recognized as an iconic downtown landmark that houses one of the largest and most significant collections of Greek and Roman antiquities in the southeastern United States. Founded in 1920, the Tampa Museum of Art inspires the residents of the Tampa Bay region and others around the world by providing engaging exhibitions and innovative educational programs that emphasize ancient, modern, and contemporary art. As one of the region's largest museums devoted to the art of our time, the Museum's permanent collection also embraces sculpture, photography, painting, new media, and more. Honoring the Tampa Museum of Art during its centennial year, the Tampa Bay Businesses for Culture and the Arts (TBBCA) presented a 2020 Impact Award to the Museum for 100 Years of Cultural Leadership and Community. The award is a "recognition of the Museum's extensive contributions to the development of arts and culture for the Tampa Bay community and beyond." www.tampamuseum.org

FLORIDA'S FIRST PEOPLE

STEPHEN M. SPARKMAN

EDWARD DANIEL DAVIS

Visitors will likely recognize the name Vincent Martinez-Ybor, who in 1886 led the cigar industry from Key West to Tampa and invested heavily in an area that soon became known as Ybor City.

At the same time, Riverwalk strollers may for the first time learn of the significant role Eleanor McWilliams Chamberlain played in 1895 leading Florida women in the fight to earn the right to vote.

Florida's First People - The Mound Builders tells the story of 12,000 years ago when the Paleoindians continued their southern migration through the North American continent and entered the peninsula of Florida. These early inhabitants built large earthen or shell mounds for ceremonial or spiritual purposes, including one that stood on the southern edge of what would become Fort Brooke, near where hockey arena stands today.

One bust honors Stephen M. Sparkman, the namesake of a notable stop on the Riverwalk called Sparkman Wharf. Sparkman represented Tampa in the U.S. House from 1895 to 1917 and is credited with securing federal funding to dig deep-water channels from Port Tampa to Channelside, which allowed larger and more modern ships into the population center and created land masses, including modern Harbour Island.

19. Julian B. Lane Riverfront Park

Scenic Julian B. Lane Riverfront Park features an event space, boat house, huge lawn, splash pad, plus areas for dogs, all on 25 acres. The Tampa River Center event space features floor-to-ceiling glass windows that open to a covered terrace. The boat house on the ground floor of the River Center offers storage for local rowing and dragon boat teams, and rentals for kayaks and stand-up paddle boards. The fenced children's play cove is for ages 2 to 12. Riverfront Park has two dog parks: one for large dogs and one for small breeds on the north end. A boat dock is available for motor boats and public kayak launches, plus is a convenient stop for water taxis.

The park features public art, sculptures and murals, and a picnic area features five standard size shelters and one large corporate/event shelter. A variety of athletic facilities are for use by the public, including six concrete tennis courts, two pickle ball courts, basketball courts, and a multipurpose sports field for football, soccer, and lacrosse games.

The festival lawn provides public event space for larger concerts. A community event pavilion is designed for smaller, more personal performances, recitals, events, and celebrations, and the lawn offers concrete terraces as well as theatre seating for events. A large community plaza located in the heart of the park is shaded by large live oaks and features game tables, movable chairs, and tables. www.tampagov.net/parks-and-recreation/featured-parks/riverfrontpark

20. Water Works Park

Water Works Park in Tampa Heights on the banks of Hillsborough River is a popular destination for families. This riverfront park features open green space, plus a playground, shaded picnicking and a splash pad for children. The park's splash pad includes a huge bucket that drops water on the kids gathered below, which is very popular. The park features a jungle gym on padded ground with slides, a spring-loaded dolphin teeter-totter, and a rope climber with a crows-nest pirate tower, plus a stage for live performances and green space for festivals and picnics. www.tampagov.net/parks-and-recreation/featured-parks/waterworks

Image courtesy of Ulele

21. Ulele

This restaurant on the Tampa Riverwalk celebrates the vibrant fusion of ingredients from Florida waters and land once home to many Native Americans, including the young princess Ulele (pronounced You-lay-lee). Diners have come to expect intricately flavored, visually appealing dishes prepared on the 10-foot diameter barbacoa grill. Ulele operates in the re-imagined 1903 Tampa Heights Water Works building, which also includes its Ulele Spring Brewery and a number of craft beers on tap. Reservations suggested. The restaurant is family owned by the Gonzmarts and Columbia Restaurant Group, which began in 1905 with the world famous Columbia Restaurant in historic Ybor City, and is now run by the fourth generation. www.ulele.com

Image courtesy of Armature Works

22. Armature Works

Armature Works is a fun, multi-use dining, market and gathering space in a historic building on the Tampa Riverwalk, sitting on a big curve of the Hillsborough River. It offers a variety of food and drink, event spaces and co-working spaces located amongst open seating and a wide patio. Armature Works is the fully restored site of a dilapidated warehouse used 100 years ago as a maintenance barn for TECO streetcars and trolleys building. The 73,000-square foot commercial space has been reinvented as a premier community destination that includes multiple event spaces, Heights Public Market, Bay 3 co-working space, M.Bird Rooftop Lounge, and two signature restaurants that anchor the building, Steelbach and Oak & Ola. The building's extensive renovation project focused on keeping the historical feel of this Tampa landmark, such as exposed brick walls, skylights, original windows and hard wood floors. www.armatureworks.com

SPECIAL PRODUCT FOCUS continued from page 72**KING**

Introducing the KING Extend Go – a multi-use portable cell signal booster designed to go with you wherever you go. With multiple portable and vehicle antennas/mounts plus a collapsible tripod, you can set this powerful booster up anywhere to boost your voice and data range while parked or in-motion! Designed for RVs, trucks, travel trailers, horse trailers, delivery vehicles, outbuildings, fish houses, tiny houses, and more. Roof, pole, and ladder mounting brackets included, as well as 12V and 110V power supply. This booster supports multiple users, all U.S. cellular carriers, and comes with no additional contract and no monthly fees.

Stop by A81 during the show.

**MAGNE SHADE BY HUNCKLER FABRICATION**

The patented Magne Shade™ system installs from the ground by using Rare Earth magnets that are mounted on the inside of the windshield with a high temperature 3M peel and stick tape. Our shades are designed to fit your coach glass tight as we incorporate a simple and effective fabric adjustment system in our design so your shades will not stretch out of shape and sag over time, as a snap type system can. Magne Shade™ is simply the best custom RV shading system in the marketplace.

Our Patented EZ Fold Tire Covers™ protect the sidewall of the tire so that they don't deteriorate or crack over time. They are made from high-quality fabric with spring steel sewn into the hem so that they remain tight across your tire. They attach simply with an elastic strap that you place around the back of the wheel and fold up nicely for storage.

Stop by B535-B537 during the show.

Celebrating 50 Years of

Ocean Lakes

FAMILY CAMPGROUND

RATED
10/10★/10

2021 Good Sam
RV Travel Guide and
Campground Directory

Open every day of the year, Ocean Lakes is located an hour off of I-95 at the Florence, SC exit. We offer a variety of planned activities, outstanding amenities, service, and lots of southern hospitality so our guests never want to leave!

Summer is all about families having fun. We feature unique amenities like our Skate Park, activities like Kamp Starfish, crafts, bingo, tie dye and more. Float along in our Adventure (lazy) River, challenge friends on our Drop Zone Mat Racer, scream down The Tube slide, or enjoy watching the kids at the Splash Zone or Tad Pool for tots - all included for our guests!

When the kids are back in school our pace is mellow, but the fun and sun never stop. Relax in our pools, shop in our store, let us do the cooking! Enjoy special events like Halloweekends and our Polar Bear Plunge. RV and golf car service and supplies on site. No RV? Book one of our vacation rentals!

ALL IN THE *Family*

RV INDUSTRY OFFERS LARGE VEHICLE SELECTION

The term “RV” is a nickname for a whole family of camping vehicles—from towable folding camping trailers to 45-foot-long motorhomes—that combine transportation and temporary living quarters for travel, recreation and camping.

Some RVs provide a simple place for sleeping and eating, while others are virtually luxury lodges on wheels—equipped with conveniences ranging from running water and complete bathroom facilities to air conditioning and digital satellite television and radio.

RVs fall into two general categories—motorized and towables. The following are descriptions of specific types of RVs and about what you can expect to pay for new units.

MOTORIZED RVs

TYPE “A” MOTORHOME

Size: 21 to 43 feet
Avg. Cost: From \$100,000 to \$140,000

The Type “A” motorhome, powered by a gasoline or diesel engine, is generally the roomiest of all RVs. It is entirely constructed on a bare, specially designed motor vehicle chassis. Properly loaded, it provides a very smooth and stable ride. Any experienced driver can take the wheel, and no special license is required for all but the very largest models, which may require a test to operate in some states.

Features: Sleeps up to six people (depending on model). Available with every conceivable luxury, including state-of-the-art appliances and entertainment systems and push-button slideout sections. Many also include basement storage, a satellite dish, a backup camera, hydraulic leveling and a security system.

TYPE “B” MOTORHOME

Size: 16 to 21 feet
Avg. Cost: From \$95,000 to \$135,000

Also commonly referred to as the van camper, the Type “B” motorhome is a customized cargo van. It is highly economical, versatile and maneuverable. The Type “B” motorhome also makes a fine towing vehicle.

Features: Sleeps up to four people (depending on model). Provides sleeping, kitchen and bathroom facilities. Most have electric and water hook-ups, fresh water storage and a top extension for added head room. Doubles as a second family vehicle.

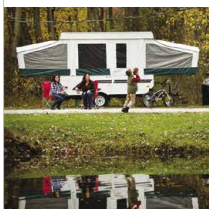

TYPE “C” MOTORHOME

Size: 25 to 35 feet
Avg. Cost: From \$80,000 to \$120,000

The Type “C” motorhome, also called the mini-motorhome, provides the conveniences of a Type “A” motorhome in a scaled-down version and at a lower price. The Type “C” is built on an automotive manufactured van frame with an attached cab-over section for added sleeping room which makes it especially popular with families.

Features: Sleeps up to eight people (depending on model). Equipped with full sleeping, dining, kitchen and bathroom facilities. Many have a slideout section. Many provide a sleeping bunk atop the cab in addition to a bedroom in the back. When not in use, this overhead compartment can be used as a storage area.

TOWABLE RVs

POP UP CAMPERS

Size: 15 to 23 feet

Avg. Cost: From \$5,000 to \$25,000

This lightweight unit can be towed by many SUVs, and in some cases, by family cars. (For specific towing capacity, check with your auto dealer.) When unhitched, smaller units can be maneuvered by hand into tight spots. Its compact size and collapsible sides allow for quick setup at your destination and easy storage between uses. This inexpensive unit has proven to be the perfect RV for many first-timers.

Features: Sleeps up to eight people (depending on model). Combines the experience of open-air tent camping with the comforts, conveniences, and weather protection found in other RVs. Provides sleeping, dining, bathroom (toilet and shower), and kitchen (stove and refrigerator) facilities. Some include a slideout, which creates additional floor space in the center of the unit.

TRUCK CAMPER

Size: 8 to 20 feet

Avg. Cost: From \$17,000 to \$20,000

You can load this economical unit onto the bed or chassis of many pickups, and you're ready to travel those backroads to remote camping areas. (Check your pickup's gross weight vehicle restraints before attaching a truck camper.) Once there, you can detach the camper and set it on its own jacks — and use the pickup separately. A truck camper provides the benefits of a self-contained motorhome and a towable trailer. It's a great way for many first-timers to begin RVing.

Features: Sleeps up to six people (depending on model). Provides a variety of floor plans and options, such as bathrooms, kitchens, air conditioners, extended cabovers and pop-up roofs.

TRAVEL TRAILER

Size: 20 to 35 feet

Avg. Cost: From \$25,000 to \$30,000

Travel trailers can be towed by certain cars, SUVs, vans and pickups. (New lightweight travel trailers have recently been introduced that are light enough to be towed by six-cylinder vehicles.) Travel trailers attach to the towing vehicle with a bumper or frame hitch. They also can be detached for convenient local travel to and from the campsite.

Features: Sleeps up to 10 people (depending on model). Provides sleeping, dining, bathroom and kitchen facilities along with electric and water systems. Many include push-button slideout sections for greater living space.

EXPANDABLE TRAILERS

Size: 8 to 16 feet

Avg. Cost: From \$9,000 to \$15,000

A cross between a hard-sided travel trailer and a folding camping trailer, the expandable ends pull out to offer more sleeping room. Expandable units are lighter than the conventional travel trailer and often more affordable.

Features: Sleeps up to 8 (depending on model). Lightweight versions have been designed specifically for towing behind many six-cylinder family vehicles. It is important to match the loaded weight of the RV to the towing capacity of the tow vehicle. Always check your vehicle's owner manual for towing weight restrictions and have your tow package professionally installed.

FIFTH-WHEEL TRAVEL TRAILER

Size: 21 to 40 feet

Avg. Cost: From \$43,000 to \$63,000

Built to be towed by pickups with a special hitch, these bi-level units provide great living space. As with all towables, the fifth-wheel travel trailer can be detached at your destination.

Features: Sleeps up to six people (depending on model). Provides sleeping, dining, bathroom, and kitchen facilities, along with electric and water systems. Many include one or more pushbutton slideout sections. Offers a second-level living or sleeping area over the truck bed which allows for even greater space on the main floor. Many have large picture windows at the rear for panoramic views.

SPORT UTILITY RVs

Size: 19 to 39 feet

Avg. Cost: From \$30,000 to \$60,000

Featuring a built-in garage used for hauling cycles, ATVs and other sports equipment, these units are equipped with a fold-down door for storing your towables into the RV. These are available as motorized and towable (as travel trailers or fifth-wheels). The towable versions can be detached at your destination, freeing up your vehicle for local travel.

Features: Sleeps up to eight people (depending on model). Provides sleeping, dining, bathroom and kitchen facilities along with electric and water systems.

PROTENG

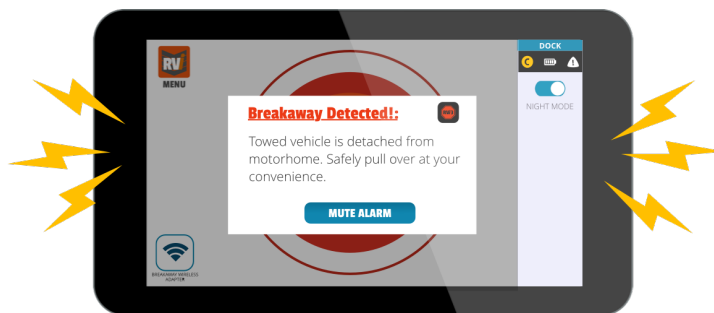

The Future in Fire Protection is Now...

PROTENG automatic fire suppression systems protect thousands of vehicles globally, including first responder vehicles, school buses, aircraft, and RVs. Not to mention heavy equipment, server rooms, marine vessels and more...

It can eliminate fires, and/or fire risks, in less than a second with a patented, automatic, heat-activated delivery system which can be custom-installed in high risk areas of your RV.

The FM-200 extinguishing agent is a clean agent (no residue) that is non-toxic, non-corrosive, and meets the highest in world standards. It actually protects the U.S. Declaration of Independence. National Indoor RV Centers is the exclusive and official distributor for the RV market.

To learn more visit PROTENG at display A10 during the show.
www.PROTENG.com

THE RV SOLUTION

The RVi's new patented Breakaway Wireless Adapter for RVibrake3 is designed to eliminate the frustration of installing a breakaway system through a towed vehicle's crowded engine compartment. It features a robust wireless link and is installed at the towed battery 3-6 feet away from RVibrake3. The wireless connection removes the need to plug in the breakaway into RVibrake3 for every trip. The first time you plug it in is the last. Feedback of a catastrophic hitch failure resulting in a breakaway can be seen on the RVi Command Center tablet, which comes with RVibrake3 flat towing braking system.

Stop by A107 during the show.

Treasure SEEKERS

The Tampa Bay History Center's new permanent exhibit "Treasure Seekers" tells the story of Florida's conquistadors, pirates and shipwrecks — a story brought to life by the centerpiece of the exhibit, a 60-foot, 18th century pirate ship. A multimedia gallery allows visitors to experience first-hand the amazing stories of Tampa's 16th and 17th century history and see artifacts collected in the waters offshore.

During the Age of Sail, there was only one way to travel across the oceans — by ship. The Spanish were finding immense wealth in the form of gold and silver in the territories now called Puerto Rico and Hispaniola. The relatively uncharted Caribbean and Gulf of Mexico, along with the unknown nature of weather systems, particularly hurricanes, made sailing around Florida very dangerous. Hundreds of ships, some laden with treasure, sank along the Florida coast and in the Caribbean. Recovery efforts started almost

Photo by Gordon Tarpley, flickr.com

immediately and continue to this day, centuries after the ships went to the bottom of the sea.

The History Center exhibit explains that though often identified in textbooks as "Spanish," the individuals who journeyed to the New World came from a wide variety of countries and had diverse ethnic and religious backgrounds. In addition to sailors from Spain, sailors and explorers from Portugal, Italy, Greece, North Africa, France, Germany, Holland and England ventured across the Atlantic Ocean in search of fame and fortune.

Ponce de Leon tried several times to settle La Florida, including through Tampa area entry points, but was rebuffed by Calusa warriors. He did verify, however, that La Florida was not a huge island.

After crossing the Atlantic, Hernando de Soto set sail from Cuba, bound for La Florida on the 18th of May, 1539. His 570-person crew, consisting of soldiers, priests and women, along with livestock such as pigs and horses, made landfall in the Tampa Bay area on May 25th.

Pirates were at times employed by governments like the Spanish and French to disrupt enemy shipping routes. At other times, they were

left to their own devices. The numerous bays, inlets and islands around Florida and the Caribbean were their homes, where they could hide from the world's navies.

The image of swashbuckling pirates is as popular today as it was more than 100 years ago when the stereotype was created. Visitors to the History Center will learn that the real picture is more complicated than most would suspect. They were often seen as a dirty, bloodthirsty group of criminals that scoured the sea, but they also understood the importance of democracy and equality among their crew members.

The History Center is also proud of the Touchton Map Library, home to thousands of original maps, charts and other documents dating back to the discovery of the New World as well as thousands of additional maps housed at University of South Florida Libraries. The Touchton Map Library/Florida Center for Cartographic Education is the only cartographic center in the southeastern United States, one of only nine in the United States.

WACKO PRODUCTS

Sitting around a campfire one hot summer night, my friends and I talked about why we enjoyed RVing, but the one thing we all agreed was that we did not like how loud our air conditioners were. It was then the idea for The RV A/C Silencer was born.

The RV A/C Silencer reduces air conditioning noise up to 70% and is easy to install on your own in about 15 minutes. The RV A/C Silencer fits Dometic, Coleman, and GE roof top air conditioners with a ducted system.

You no longer need to sacrifice comfort in order to watch TV, gather with friends or take a phone call. With The RV A/C Silencer by WackO Products, you can once again enjoy your A/C and get back to comfort.

Visit WackO Products during the show at A106.

Bring a picture and brand of the A/C you have.
