## WELCOME TO THE 37th ANNUAL FLORIDA RV SUPERSHOW!

On behalf of the Florida RV Trade Association (FRVTA) Board of Directors and show vendors, I'd like to thank you for attending the Florida RV SuperShow. While we're still dealing with Covid, we ask that you practice social distancing and allow for one family or couple at a time inside the RVs. The vendors will also be taking precautions to ensure a fun and safe environment. We thank you for your help and understanding!

The RV industry is seeing a surge never seen before. With more people choosing not to fly and looking for good, clean fun alternatives to travel, they have turned to RVing. You will see over 1,300 brand new RVs direct from the manufacturers. When we say there is an RV for every lifestyle and budget, you'll see we mean it. A helpful way to plan your day is to use the new FRVTA app. Just download the app on your Apple or Android device and use the menus to quickly locate RV's by make, model or type. It will also help you locate all of the vendor booths in both supplier buildings. Also, to make it easier to get around this enormous show, trams are located in the parking lots and inside the show for your convenience.

RVing is all about fun and we think you'll find the 2022 SuperShow an exciting experience. We've included lots of unique entertainment roaming throughout the facility. Every time you turn around you'll see unique entertainers to make your day more enjoyable.

If it's education you're looking for, we've got it! Our popular seminars are back again this year and we've included some new content. Seminar topics include RVing Alaska, Guided RV Tours and Generator and Chassis Maintenance just to name a couple. Make sure to check out the full line up and start times on our website, app or posted at the seminar building. The presenters are there to provide you with in-depth information and answer all your questions on a wide range of subjects.

The FRVTA staff and members work hard to provide an entertaining and informative show for all. We hope you enjoy your experience and come back again next year!

Get Out There!

*Brian Copley*

FRVTA President

# WHAT'S FRVTA ALL ABOUT?

## THE FLORIDA RV TRADE ASSOCIATION IS THE SPONSOR OF THE ANNUAL FLORIDA RV SUPERSHOW.

The Florida RV Trade Association (FRVTA) was established in 1979 with one purpose in mind — to promote the general welfare of the recreation vehicle and camping industries throughout the State of Florida.

Since 1979, the FRVTA ([www.frvta.org](http://www.frvta.org)) has undergone many changes, and today it is one of the largest state RV associations in the country.

The FRVTA is a nonprofit organization made up of campgrounds and resorts, RV dealers, finance and insurance firms, RV manufacturers, and service and supplier companies representing thousands of employees. All of these companies work together to ensure that customers receive the finest RV products, supplies, services and accommodations available. All FRVTA activities are coordinated through the state office, which consists of an executive director, marketing director, show director and support staff.

The FRVTA has divided the state into seven regions, allowing members to participate in local legislative matters and RV shows. In addition, the association has another region for out-of-state members. It includes just about every RV manufacturer, the nation's largest campground chains, national camping clubs, and a host of service and supply firms, insurance and financial companies. The FRVTA communicates with each region to keep members up to date on industry changes.

Keeping an eye on legislative matters at the state level, the FRVTA employs a full-time lobbyist in Tallahassee to be a watchdog over legislation that affects the RV industry. The association also supports candidates through the FRVTA Political Action Committee Fund.

The FRVTA sponsors a number of regional RV shows and the annual Florida RV SuperShow in Tampa. These shows not only allow the public to view a number of various RVs, they also are forums for educational seminars and camping clubs. These shows provide an introduction to the RV lifestyle. Through these shows and other activities, the FRVTA also works closely with state and local tourism officials to promote RVing and camping in Florida.

So, what does the FRVTA mean to you, the consumer? FRVTA dealers carry every major RV brand and manufacturer line. This means a greater selection and variety, whether you're looking for a travel trailer, fifth-wheel, park model or motorhome. Due to the large volume of new business, FRVTA dealers carry a huge inventory of quality used units, which means your trade-in will be worth more and your choice of used units will be endless. Don't forget to look for the FRVTA logo in campgrounds.

Whether you're shopping at an FRVTA dealership or RV show, or looking for the most modern and well-equipped campground or resort, look for the Florida RV Trade Association logo to be assured of the finest RV products, services and accommodations around.

For more information contact us at 813-741-0488 or visit [www.frvta.org](http://www.frvta.org).

### 4 President's Message

Welcome to the SuperShow.

### 6 What's FRVTA All About?

The organization was established 43 years ago with one purpose in mind – to promote the recreational vehicle and camping industries in Florida. Since that time, the FRVTA has undergone many changes.

### 10 Stay in Touch with FRVTA

Like never before, we are only a click away!

### 12 Meet Our Mascot Roadie

The official mascot of the FRVTA wants to introduce himself.

### 14 Get Out & Explore Nature Parks

Experiencing nature in the Tampa and St. Petersburg area is made incredibly easy thanks to the many city, county and state parks within a short driving distance.

### 18 The Best Apps for Planning a Safe & Fun RV Trip

Searching for the best RV driving apps for your next road trip? From directions to locating campgrounds, here are the best sources for RV route planning.

### 24 St. Pete Pier: Installations of Art & More

Celebrating a one-year anniversary, the St. Pete Pier has multi-level observation platforms, large park, pavilion, beach, marketplace, fishing dock, marina, and more.

### 42 Saturday Morning Market

The Saturday Morning Market in downtown St. Petersburg is celebrating 20 years of providing residents and visitors fresh produce, food, crafts and more.

### 97 St. Pete Beach

St. Pete Beach is the best beach in the United States and the fifth best beach in the world, according to Tripadvisor's 2021 Travelers' Choice Best of the Best rankings.

### 124 All In The Family

What's your type? The term "RV" is a nickname for a whole family of camping vehicles.

# Stay in Touch WITH FRVTA

It is easier than ever before to keep up with trends in the RV Industry, get travel tips, contact local RV businesses and get all the information you need about statewide RV shows and the largest RV show in the country, the *Florida RV SuperShow*. FRVTA now has a new and improved website, can be liked and followed on a number of Social Media sites and recently launched its new MOBILE APP!

FRVTA launched its new and improved website ([frvta.org](http://frvta.org)). The new site makes it easier for the general public to get information about upcoming Regional RV Shows, the *Florida RV SuperShow* and the *Super Rally*. More importantly, the new site will give visitors more information about FRVTA members and an exact location of each member on a map.

New to the FRVTA site is an ongoing blog section. "We are working with a number of bloggers so this section stays new, current and entertaining," said FRVTA Executive Director Dave Kelly. "The new site will also allow us to make additions/corrections at a minutes notice so the information stays up-to-date".

The new site also features a search function to make it easy to find campgrounds, RV dealers and service and supplies nearest to where you are. There is also a regional information page that has loads of information about the 7 FRVTA regions, things to do and see and much more information. We want our site to be

a complete guide to the State of Florida for not just RVers but anyone wanting more information about our state. Visit [frvta.org](http://frvta.org) today and get out there and enjoy Florida!

Follow the FRVTA on Facebook, YouTube, Instagram and Pinterest to get RV Lifestyle, FRVTA RV Resorts & Campgrounds and Destinations, RV Tips, Special Discounts, RV Show Notifications, and to stay in touch with the Florida RV Industry. On our social sites, you can easily ask questions and interact with the FRVTA. We encourage your input on places to see, your favorite restaurants, and those little known spots that you love to visit!

The newly launched mobile app is an RVers dream. Using your location, you will be able to find the closest service center, RV dealership, campground or hard to find parts and accessories. The app also helps you find road service, the closet gas or diesel station, restaurants, shopping, emergency clinics and even weather updates. The app is Apple and Google friendly and can be downloaded from any of the App Stores.

# MEET Roadie!

Hi, I'm Roadie and I'm the mascot of the **Florida RV Trade Association (FRVTA)**. I was selected to be the mascot because of my vast knowledge of the State of Florida and of RVing.

Now you would think a pelican would spend his time on channel markers and sleeping on piers, but not in my case. My father would travel all over Florida in his RV and we always enjoyed all comforts of home. We would visit the sugar-white sandy beaches in the panhandle, the history of the St. Augustine area and enjoy sunsets on Florida's west coast. We are very lucky to have so many campgrounds to choose from here in Florida.

Today I travel all over the state to talk about the fun, freedom and flexibility of RV travel. Be sure to say "Hi" when you see me, and if you need any advice on fishing, I'm your man...er, bird! Enjoy your travels and I'll see you down the road.

RVing in Florida offers an array of activities for the entire family, including outdoor fun, some of the best amusement parks in the United States and a variety of museums. On the following pages, see what Florida RVing has in store for you.

# Nature Parks

**E**xperiencing nature in the Tampa and St. Petersburg area is made incredibly easy thanks to the many city, county and state parks within a short driving distance.

**Fort DeSoto Park**, the largest park in Pinellas County at 1,136 acres, is made up of five interconnected islands and is home to more than 328 species of birds documented over the last 60 years. This peaceful refuge includes a beautiful beach, places to camp and kayak, a historic fort and museum. The five keys are home to beach plants, mangroves, wetlands, palm hammocks, hardwoods and scores of native plants. The beach also provides refuge to the loggerhead sea turtle, which nests between April and September.

**Boyd Hill Nature Preserve** is a unique nature experience in the heart of St. Petersburg. This preserve operated by the St. Petersburg Parks and Recreation Dept. offers an abundance of nature activities, including the Lake Maggiore Environmental Education Center. There are several fascinating habitats to experience and learn about while walking the trails. Friends of Boyd Hill Nature Preserve, a nonprofit organization, supports the preserve through volunteer services and educational opportunities.

# THE Best Apps

## FOR PLANNING A SAFE AND FUN RV TRIP

**S**earching for the best RV driving apps for your next road trip? From directions to locating campgrounds, here are the best sources for RV route planning.

Ready to plan your dream RV trip, but not sure where to find places to stay? Wondering if you can safely fit under overpasses on a scenic byway? Navigating a safe RV route is a bit more involved than a typical car road trip, but there are plenty of apps to help you along the way. Here, we cover the best RV GPS and overnight stay apps to make planning your next RV trip easy.

### TIPS ON PLANNING A SAFE RV ROUTE

#### Where do you park an RV when traveling?

For quick stops, look for truck parking at gas stations, rest stops, and travel plazas to make sure you have enough room to maneuver. For overnight stays, use one of the apps listed below to find places to park.

#### What is the best RV navigation app?

The best RV navigation app is one where you can enter your RV's length, height, and weight and it will show you a safe route to take to your destination. From there, personal preference will determine which app you find easiest to navigate and use.

Juniper Springs

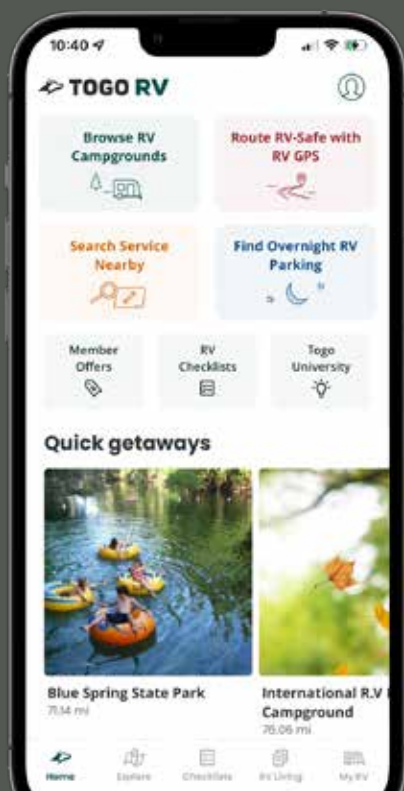

#### How do you find RV-friendly roads?

Make sure you use an RV-specific GPS app and don't rely on GPS directions for cars. Check out the list below for some great options on apps that will show you RV-friendly roads.

#### Where can you sleep in your RV overnight?

There are many places where you can sleep in your RV overnight, including RV parks and campgrounds, free camping on BLM land, and in certain business parking lots. Check out any of the apps below to find the best places to park your RV overnight.

# St. Pete Pier

## INSTALLATIONS OF ART & MORE

**T**he signature icon for downtown St. Petersburg is once again the St. Pete Pier. A destination since the late 1800s, St. Pete Pier is newly revitalized by a \$90 million four-year reconstruction project. It is already celebrating a one-year anniversary of its rebirth as a 26-acre public space on the water with multi-level observation platforms, large park, pavilion, beach, marketplace, fishing dock, marina, and more.

Adding to the wow factor for visitors are beautiful installations of art throughout the Pier that add remarkably to the experience. Thanks to the City of St. Petersburg's \$2 million investment.

Greeting arrivals through the Gateway entrance to the Pier is a pair of red pelicans called "Myth" by Los Angeles artist Nathan Mabry. The 10-foot high sculpture of the city bird and signature emblem of St. Petersburg is fabricated from thick aluminum and painted with a satin coating.

A bit further along the Pier is the billowing net sculpture "Bending Arc" by internationally known artist and Tampa Bay native Janet Echelman. "Bending Arc" is perpetually in motion with the wind, and measures a massive 76 feet at its highest point and 428 feet at its widest.

A little further in to the right, on Benoist Plaza, is "First Flight," a life-sized sculpture of the bi-plane that pilot Tony Janus flew round-trip to Tampa on Jan. 1, 1914. The sculpture, by Mark Aeling, commemorates the world's first commercial plane flight.

**St. Pete Pier continued on page 82**

# Coach House®

PLATINUM

PLATINUM II

PLATINUM III

ARRIVA

The Coach House Platinum (E-450 Ford), Platinum II (Mercedes), and Platinum III (Ford Transit) are downsized Class C motorhomes- also known as Class B-Plus which provide plenty of room on the inside without feeling over-sized on the road. The Arriva is a Class B built on a Mercedes Sprinter 3500 extended van chassis. All models are completely self-contained and offer all the comforts of home in a narrower profile.

## PREMIUM FABRICATION:

### A ROCK SOLID FOUNDATION:

THE INDUSTRY'S ONLY ONE-PIECE FIBERGLASS BODY  
HAND LAID AND REINFORCED WITH CARBON FIBER

### IT ALL STARTS WITH THE SHELL

The unequalled quality of the Platinum line starts with our superstructure: a one-piece, hand-laid molded fiberglass body, reinforced with carbon-fiber, specifically designed for the Mercedes Sprinter 3500, Ford E-450 or the Ford Transit 3500 chassis. This patented one-piece body reduces the chance of water leaks, provides a quiet ride and will last for many years with little maintenance. The interior of the shell is completely insulated (with an R-18 insulation factor). Each coach is hand-built by skilled craftsman with painstaking attention to detail and no shortcuts taken.

Among Keystone RV's core team to help develop the Arcadia are, from left, Director of Engineering Jeff Snyder, President Jeff Runels and Product Manager Dustin Tavernier. (Photo: Shawn Spence/RVBusiness)

# Keystone Arcadia 370RL Travel Trailer

Back in January at the Florida RV SuperShow, Keystone RV Company introduced the Arcadia fifth-wheel. The company touted it as an “all-new” complete from the ground-up reinvention of what it means to be a towable RV. The Arcadia 370RL travel trailer takes many of those innovations and incorporates them into a bumper-pull camper that Keystone officials consider equally groundbreaking.

We, the staff of *RVBusiness*, happen to agree with that assessment and, while terms like “game-changer” and “innovative” are frequently overused, we feel the Arcadia line overall and the Arcadia 370RL travel trailer in particular have rightly earned “RV of the Year” recognition.

We were impressed by the engineering and construc-

tion, especially the “crawl space chassis,” the refined interior styling, and adoption of leading-edge technology—particularly SolarFlex, Keystone’s OEM-installed solar system.

Keystone executives admit the road to launching Arcadia was a winding one, primarily due to supply chain difficulties. However, even with these challenges—something every manufacturer can relate to—Arcadia still racks up an impressive list of innovations. We expect many of these eventually will find their way into other Keystone product lines.

Here are some key highlights that we feel make Arcadia 370RL the *RVBusiness* 2022 RV of the Year.

First and most obvious is the profile of the front cap.

It’s hard to miss. On both the Arcadia travel trailer and fifth-wheel, the furthest forward point is near the top rather than at the base.

While the shape of the cap makes Arcadia instantly recognizable, the design is also functional. On the inside, the front cap design makes for a deeper walk-in closet, something uncommon in travel trailers let alone fifth-wheels. Additionally, the unorthodox front cap improves aerodynamics and handling while in tow, based on feedback Keystone is getting from transport drivers.

Another innovation buried deep inside Arcadia is its foundation. Arcadia is the first and only, at this point, Keystone product to utilize the NGC2 “crawl space” chassis, the brainchild of Keystone’s Engineering Inno-

vation Lab. The NGC2 features a 3-inch-tall channel running the entire length of the frame, yet located underneath the Hyperdeck water-resistant flooring – much like a crawl space in homes.

The NGC2 crawl space is used to route plumbing, electrical and heating ducts without navigating obstructions, and makes it possible for Keystone to add extra layers of insulation.

Speaking of insulation, below the Arcadia living space are two heated chambers and three insulation layers. Water lines and heat ducts are surrounded by block foam. And underneath the frame is an additional layer of insulation. All this added insulation makes the Arcadia ideal for extended season camping, according to Keystone.

Finally, the NGC2 chassis includes a “center spine” running the length of the coach, significantly increasing floor rigidity and strength.

“There are so many innovations in Arcadia, I almost don’t know where to begin,” Arcadia Product Manager and industry veteran Jeff Rank told RVB. “For example, the shape of the front cap and the crawl-space chassis are two big ones, as is the interior look and feel, and the extra attention to detail resulting in better overall performance and a more satisfied owner.”

One example of attention to detail Rank cited is the CURT Performance Package, a collaboration between Keystone and CURT that’s available only on Arcadia. According to Rank, pretty much everything on the suspension has been upgraded, including heavier-walled axle tubes, hubs and bearings, forward self-adjusting brakes, extra-thick shackle links, wet-bolts with bronze bushings and rubberized equalizers. In addition, the package comes with a six-year warranty that is not pro-rated.

Interiors in Arcadia are another strong selling point. The décor features white cabinetry, butcher block countertops, a farmhouse kitchen sink, Roman shade window treatments and residential-style furniture exclusive to Arcadia.

Overall, the contemporary residential look has been a massive hit with consumers, according to Keystone. “Too often white interiors come across as cold and sterile, and not very appealing,” noted Rank. “I think our design team really nailed it. When a customer walks into an Arcadia, it looks awesome. I get excited because the customer just likes the way that it looks, which then lends itself to buy-in when you start talking about all of these other features.”

Another interior feature we really like is the taller interior headroom and flat floor slideouts. Not only do the flat floor slides eliminate the awkward step-up in the floor, but they accommodate a taller slide room, which makes for a more spacious feel to the Arcadia interior. Actually, it’s not just a feeling of more space, but, in our opinion, it makes the interior feel more like a home than an RV.

Storage in the Arcadia has been optimized to utilize every square inch of space, like in the kitchen with numerous drawers, shelves and butler’s pantry. Another great example is the flip-up butcher-block kitchen island workstation with USB and power receptacles right where you need them, which also serves as a buffet or snack sideboard and is a focal point of the kitchen.

Exterior storage has also been reimagined with

The rear living/kitchen/dining area of the Keystone RV 370RL.

The front bedroom features a California-King bed and a spacious wardrobe tucked into the forward leaning front cap.

A detailed look at the kitchen island's flip-up counter that can be used as a workstation, food serving area or additional dining.

The Arcadia 370RL features a kitchen island, upgraded appliances and storage galore.

Amy Gray, left, and Marla Gilbert, group lead designers for Keystone RV.

every nook and cranny put to use and compartment interiors finished to automotive standards, said Keystone. In addition, an “All-in-One” convenience center isolates all wet bay functions and includes a power tank fill, which, Keystone claims, speeds up the time it takes to fill your freshwater tank.

Staying with the “more is more” theme, the Arcadia 370RL bedroom offers an 84-inch ceiling height, extra-large front walk-in closet, dresser, flip-up bench with even more storage and a California-King bed with two drawers below.

The California-King bed is also found on Arcadia fifth-wheels and includes the fixed-base design providing room for, in this case, four pull-out drawers underneath the bed. The fixed bed base also allows an auxiliary freshwater tank on some fifth-wheel floorplans, appealing to frequent boondockers.

Speaking of boondockers, with campgrounds often fully booked, Keystone anticipates Arcadia buyers will want the capability to go off-grid with all the convenience. So, like other Keystone brands, Arcadia offers

several different factory-installed and warranted solar packages including the standard SolarFlex 200 or the upgraded 400i, which includes two 220-watt roof-mounted solar panels, a Victron Smart Controller, 2000-watt inverter and other goodies.

Currently, the Arcadia website shows four fifth-wheel floorplans and two travel trailer floorplans. Three-quarter ton fifth-wheel models include the 3660RL rear living, mid-kitchen floorplan, and the 3940LT with center living bunkroom loft model and one and a half baths. Half-ton models consist of the 3250RL with rear living and the 3370BH with a double bunk. Current Arcadia travel trailers include the 370RL and the 377RL. All are classed as luxury models, according to Keystone.

We can expect the Arcadia line to grow. Product manager Rank tells us that the company is expanding beyond the luxury segment, designing more floorplans to take advantage of the NGC2 chassis’ capabilities. What’s more, added Rank, additional product innovations are in the works.

# 2022 TOP DEBUTS

## EAST TO WEST AHARA 365RL FIFTH-WHEEL

The all-new Ahara luxury fifth-wheel from East To West RV, a division of Forest River Inc., focuses on high quality and value with limited floorplans, great-looking décor and a standard build with all the necessities, said Mark Krol, East To West sales manager. The brand launches with two floorplans, which will use many of the same parts and pieces, improving efficiencies amid the current supply chain challenges facing OEMs. More floorplans will be added as the brand matures, Krol said. "What we've done is we've taken all the things our customers love about the Tandara, kept that in Ahara, and then added 10 to 15 high-impact features to take it up in that luxury segment," Krol explained.

Some of those features include a drop-frame, pass-through storage compartment, six-point hydraulic auto-leveling system, high-gloss fiberglass exterior sidewalls, bigger G-rated tires, larger axles, wet bolts in the suspension, three air conditioners, dual awnings and a taller front bedroom.

*Specifications: Length: 36' 10"; GVWR 16,000 lbs.*

## EMBER RV OVERLAND MICRO ROK TRAVEL TRAILER

With the debut of the Overland Series of innovative adventure campers, the folks at Ember RV, a startup manufacturer based in Bristol, Ind., look to not only have hit a home run in their first at-bat, but they've hit it out of the park – literally.

Founded earlier in 2021 by a partnership of longtime industry professionals – including President & CEO Ashely Lehman and COO Chris Barth – Ember RV introduced the Overlander and Overlander Micro Series as single-axle adventure campers that are ready to camp at an RV resort, a Harvest Hosts boondocking location, or way off road on Bureau of Land Management (BLM) properties. The Micro series features two models – the ROK and ROL. The difference? The ROK (Rear Outdoor Kitchen) and ROL (Rear Outdoor Locker) floorplans give owners the freedom to decide how they want to use their space. The units feature a unique chassis constructed of heavy-duty reinforced steel tubing instead of a conventional I-beam frame designed and engineered specifically for Ember.

*Specifications: Length: 12' 8"; GVWR, 3,400 lbs.*

## HEARTLAND CYCLONE 4014 FIFTH-WHEEL TOY HAULER

Tucked inside a new 75,000-square-foot Heartland RV facility not far from the company's headquarters on the north end of Elkhart, Ind., several dozen select new towables from Heartland and its Cruiser RV subsidiary were arranged for viewing in September by visiting dealers participating in the company's hybrid "Open House" program showcasing 2022 models. One Heartland unit quite literally stood out from the others, however. The big triple-axle 2022 Cyclone 4014 fifth-wheel toy hauler overshadowed everything around it. "It's the biggest RV we've ever built at Heartland," said Heartland RV General Manager A.J. Jones. Much of the added length has gone into developing a "true" 14-foot garage, Jones noted, to accommodate the largest of the popular UTV off-road machines such as the Can-Am Maverick X3, without sacrificing living space. Along the way, power outlets were added to the garage, as was a full second bath. The sink sits outside the bath, while a shower has been added inside; segmented loft sleeping units sit atop the area, accessed by either the garage or main cabin.

*Specifications: Length, 46' 7"; GVWR, 21,000 lbs.*

## WINNEBAGO EKKO POP-TOP ROOF CLASS C MOTORHOME

At first glance, Winnebago's new EKKO may seem familiar. All-wheel drive. All-season capability. Rugged outdoor bike rack. Are you sure this isn't a Revel B-van? But a closer look at the details and a glance up at the top of the Ford Transit chassis will draw attention to some more luxurious details as well as an upgraded sleeping space that reveals this vehicle is indeed a small Class C rather than a Class B.

The optional pop-top not only adds additional sleeping capacity, but also provides an open, airy feel to the otherwise small coach when it is open. "With the pop-top you can sleep four comfortably," Russ Garfin, product manager for EKKO, told RVBusiness. "The EKKO really is designed to provide a lot of things you can't get otherwise in a Class B, but to be roughly the same size as a Class B."

*Specifications: Length, 22' 2"; GVWR, 11,000 lbs.*

### ALLIANCE AVENUE FIFTH-WHEEL

The latest news from Alliance RV, based in Elkhart, Ind., is the all-new Avenue, a mid-profile fifth-wheel positioned for the 2022 model year. The Avenue is a “huge deal for us and our company,” said Coley Brady, Alliance co-founder. “We have taken the last 12 months to really critically evaluate that whole mid-profile fifth-wheel segment in the marketplace. We’ve not only gone to our dealer base and gotten feedback from them, we’ve also gone to the end consumer. And after surveying the landscape, we’ve really come out with a fresh perspective and fresh product with the Avenue.” Avenue’s key features include its 101-inch wide-body configuration and best-in-class running gear. “I think the important thing, just to reiterate, is what we really focused on in the last 12 months is how this new line is differentiated in the market. And if you look at the features and the look, it is absolutely different from our key competitors out there,” co-founder Ryan Brady said.

*Specifications: Length, 39’ 5”; GVWR, 14,400 lbs.*

### TRAVEL LITE RV ROVE SUR AND ROVE EV TRAVEL TRAILERS

Syracuse, Ind.-based independent manufacturer Travel Lite RV (TLRV) is offering two new towable models for 2022: The Rove SUR (sport utility RV), a toy hauler with a 13-foot garage and queen bed that weighs less than 3,000 pounds. The Rove EV, an ultralight trailer with enough solar gear onboard to keep it powered up off grid indefinitely, according to TLRV CEO Ryan Rebar. In partnership with supplier Way, the Rove EV is equipped with 360 watts of solar panels on top, a solar controller, two 5,000-watt inverters and a bank of six RELiON lithium-ion batteries for a total of 600-amp hours in the battery bank, according to Steve Holt, a tech rep from Way. Two transfer switches provide two circuits of alternating current and if a user does plug into shore power, the transfer switches seamlessly eliminate the inverters. “The simplistic version of that is we wanted a coach that you could go out, off grid, and be autonomous – for good,” Rebar said. “So that’s really what our goal was, and we’ve accomplished that. You can go off grid. You don’t need to worry about gas. You don’t need to worry about a generator. With the bank of batteries, with the inverter power, with the solar on this you can go off grid and not worry about it.”

*Specifications: Length, 19’ 6”; GVWR, 2,086 lbs.*

### COACHMEN CROSS TRAIL CLASS C MOTORHOME

The big thing for the third generation of the Cross Trail 20XG, said Nate Saunders, Coachmen’s national sales manager is that it’s now offered on a 3.5-liter EcoBoost Ford Transit with all-wheel drive. The 20XG Class C is ready for boondocking, he continued, with a power system that features 640-amp hours of lithium battery by Lithionics, 380 watts of roof-mounted solar panels and dual 150-amp alternator on the Transit engine. “So, whether you’re driving down the road or idling, whenever that engine’s running it’s charging the batteries. We’ll run everything in your coach off of lithium power. You’re going to get six plus hours of full usage off a full charge,” Saunders said. “Then if you’re at a campground and you have 30-amp service that you can plug into and then you’ll charge batteries that way as well.” “We’ve taken some different design cues doing different wood grains than what is more of a traditional Class C. It’s more modern, more European, and it really opens up the size of the coach. Since it is a smaller coach, having an all-white interior really helps make it feel bigger,” he said, adding the 20XG offers a full-bath – not the wet bath normally found on motorhomes this size.

*Specifications: Length, 24’ 1”; GVWR, 11,000 lbs.*

### JAYCO EAGLE 335RDOK FIFTH-WHEEL

Back a few years, the big trend was for RV manufacturers to tout how many different “living zones” an RV offered – a.k.a. places where people could congregate. Jayco doesn’t use that terminology to describe its new Eagle 335RDOK, but that’s essentially what the builder has created this fifth-wheel. By redesigning the dining area near the unit’s entryway into a bar-height eating area with solid wood table, two bar stools and a bench – plus raising the wall separating it from the rear den (the “RD” portion of the name) – the area allows for separate conversations from anything going on in the den. It’s a great way to partially segment “living spaces” within the bounds of a 37-foot, 7-inch unit. The rear den itself was designed with maximum window area to provide as much natural light as possible. “That’s why we went with a TV on a lift,” said Jason Martin, director of product development for Jayco. “When not in use, it doesn’t cover up the large rear window.” The den also features opposing trifold sofas and “distressed” woodwork.

*Specifications: Length, 37’ 7”; GVWR, 12,995 lbs.*

# 2022 TOP DEBUTS

## THOR MOTOR COACH SANCTUARY CLASS B CAMPER VAN

The Sanctuary Class B motorhome evokes an adventurous lifestyle with off-road capabilities. The Mercedes-Benz Sprinter 2500 passenger van with a 4x4 platform and optional all-terrain tires improves road adhesion and handling to any destination. With 188 horsepower and 325 pound-feet of torque, the six-cylinder diesel engine provides more than enough power through all weather conditions, even while towing with the 3,500-pound hitch. With its compact size and easy-to-drive features, Sanctuary stands out. Safety features include a top-mounted LED light bar with a cover, keyless entry, a back-up monitor and adaptive cruise control. In addition, convenient hands-free control of Apple CarPlay and Android Auto on the large 10.25-inch MBUX multimedia screen is integrated with the tilt and telescoping steering wheel's control buttons. Sanctuary's two floorplans, the 19P and 19L, highlight the modern ruggedness of the 4x4 chassis. The 19P floorplan has rear bench-style seating with seat belts for three that electronically unfolds into a sleeping area. With an enclosed wet bath, ample kitchen, and forward seating, the 19L also features an available Froli sleep system in the rear sleeping area and features large pull-out side trays.

*Specifications: Length, 19' 8"; GVWR 9,050 lbs.*

## GRAND DESIGN REFLECTION 31RDS FIFTH-WHEEL

The Reflection brand of travel trailers and fifth-wheels has been a stalwart for Grand Design RV Co. With eight fifth-wheel models and three travel trailer configurations – not to mention the six fifth-wheel units in the 150 Series designed for half-ton trucks – the Reflection certainly has something for just about everyone. Even still, Grand Design has come out with the 340RDS model in the standard fifth-wheel line. The 341RDS is a three-slide, rear den fifth-wheel that is all about comfort and functionality. The rear den features opposing slides housing tri-fold sofas that flank the rear entertainment center offering a 50-inch TV above a 48-inch fireplace set opposite theater seating. Moving forward, the off-door sofa slide also contains the kitchen pantry, microwave, stovetop/oven and 16-cubic-foot refrigerator. A center island with stainless-steel sink as well as a dining area – more on that later – complete the mid-coach layout. Up front, the 341RDS offers a three-piece bathroom, bedroom with a 60-by-80-inch queen bed (king bed is optional) set inside the coach's third slideout and a very large wardrobe with washer/dryer prep tucked into in the front cap. In the dining area, Grand Design has incorporated a sliding table system that offers a wide range of flexible uses.

*Specifications: Length, 36' 11"; GVWR 10,910 lbs.*

## WINNEBAGO MICRO MINNIE FLX TRAVEL TRAILER

The new Micro Minnie FLX series from Winnebago Industries Inc.'s towables division is the company's first move toward upgrading electrification and efficiency initiatives, said Adam Christofferson, senior product manager at Winnebago Towables. The FLX package, available across the Micro Minnie line, "is derived from working with our brand ambassador, Traveling Robert (Robert Morales)," Christofferson said. "Traveling Robert has over 200,000 followers on YouTube, grassroots guy, and he is currently in his third Micro Minnie, the second Micro Minnie partnering with Winnebago as a brand ambassador. So last year he was in a 1708FB, had some solar, had a smaller lithium battery, had an inverter and a Truma AquaGo water heater." But Robert and Winnebago wanted to be off the grid longer, so designers fired up their load calculator and came up with an electrification package that would allow the Minnie to be unplugged and off grid for up to five days. "What that electrification initiative is, is a 320-amp-hour lithium battery, a 3,000-watt inverter," he said. "We have 2190-watt solar panels on the roof. We have a 30 amp, MPPT charge controller as well as side Mount solar prep, so that way customers can add portable solar if they choose."

*Specifications: Length, 25'; GVWR, 5,000 lbs.*

## KZ RV DURANGO D311 BHD FIFTH-WHEEL

The Durango D311 BHD is an all-new floor plan for 2022 from Shipshewana-based KZ RV, a THOR Industries Inc. subsidiary. "It's a bunkhouse floorplan, but really, I guess kind of the brainchild started last year and we thought, what could we do that would be really cool and different?" said Brent Frohman, KZ RV general manager. Using the hot-selling Durango half-ton series as a starting point, "we really tried to think outside the box." What he and his team came up with is dual motorized bunks in a room at the rear of the coach inside a hatch door. The two 56- by 80-inch beds are raised and lowered via a Happy Jack setup. "Nobody in North America has ever done two beds," Frohman said. "There's a switch that actually runs them up and down." When the beds are in the up position, the 6- by 6-foot room, equipped with a television, is available to store bicycles or a kayak while on the road and then can be used as a patio once at the campsite. The aluminum-framed Durango employs Azdel sidewalls and a large drop-frame basement provides plenty of storage. Two awnings – offering 34 feet of shade – and an outside kitchen are standard. A premium solar package is available, offering 440 watts of solar panels on top, expandable to 880 with a 240-amp hour lithium battery, a 30-amp MPPT solar charge controller and a 2,000-watt inverter.

*Specifications: Length, 35' 2"; GVWR, 10,170 lbs.*

### VENTURE RV SPORTTREK TOURING TRAVEL TRAILER

A new floor plan in the Venture RV SportTrek Touring travel trailer lineup is the 333 VMI. The goal, according to Dave Boggs, Venture RV general manager, was to create a fifth-wheel vibe in a travel trailer. To that end, the 333 employs, essentially, a fifth-wheel layout, with an island kitchen, plenty of counter space and hidden storage, a dinette table with a large window in the slideout, a viewing area across from the entertainment center and a living room separated from the kitchen and dining area. The three-slide unit accommodates a king bed in the back, with a large dresser and plenty of storage. Another big selling feature is, "You get an outside kitchen in a couples coach," Boggs said. "A lot of outside kitchens come in bunkhouses because you have kids. But if you don't have kids, it doesn't mean you don't want an outside kitchen." Two awnings provide shade for almost the entire length of the coach. Washer and dryer prep – another fifth-wheel staple – is included. Boggs said the unit is attracting buyers from across the spectrum – first-time buyers, owners moving up to a larger coach, previous fifth-wheel owners looking to downsize and even extended stay customers.

*Specifications: Length, 36' 11"; GVWR, 8,800 lbs.*

### NEWMAR NEW AIRE 3543 CLASS A MOTORHOME

Newmar Corp. enters 2022 with plenty of demand for its 2022 model year lineup that includes seven diesel pushers, one front engine diesel, two gas-powered Class A's and two Super C's. But that hasn't stopped the luxury motorhome manufacturer from making an array of updates to its 2022 RVs. "They're (New Aire and Bay Star) reskinned on the outside, with new front and rear caps and new instrument panels, but really it's all about the design cues on the interiors of these two coaches. Whether it's the slideout fascias, the feature ceilings, the lighting hardware, the cabinet doors – basically all the interior design features are all new in both of these two brands, and we're really excited about those," said John Sammut, vice president of sales and marketing. As mentioned, the 2022 New Aire offers a host of new styling features including a lighted Newmar badge on the front cab. The 3543 features a nearly full-wall slide along with two others on the off-door side, one of which houses the 72-by-80 king bed and the other an 87-inch sofa surrounded by panoramic windows. The full wall slide includes a Euro-booth dinette in front of a TV on a power lift, galley-style kitchen and dresser below another TV in the rear bedroom. A three-piece bathroom opposite the kitchen completes the layout.

*Specifications: Length, 36'; GVWR, 33,000 lbs.*

### FOREST RIVER R-POD 153 TRAVEL TRAILER

People in the market for lightweight, laminate travel trailers will undoubtedly have the R-Pod by Forest River Inc. on their wish list for 2022. Cody Schade, who manages R-Pod, No Boundaries and IBEX for the division, was excited about some new features for the R-Pod in 2022. "All products now have an outdoor kitchen, which we are calling a 'Bush Kitchen,' that has a full griddle along with an exterior spray port on the side of the unit, as well as a work table." In addition, many R-Pod models with a front fixed window now have a tilt-out vent window to allow cross ventilation in the coach. The series is up to 12 floorplans that include a larger 7-foot-wide 201 model. At the same time Schade plans on introducing a smaller, more traditional R-Pod later this year with the 153, a rear-entry Murphy bed unit that comes in at 3,153 pounds (UVW).

*Specifications: Length, 17' 6"; GVWR, 3,159 lbs.*

### WINNEBAGO HIKE 13 TRAVEL TRAILER

While the Hike series of travel trailers from Winnebago Industries has been around for two years, the 2022 model Hike 100 series sports new designs and features aimed at solidifying its stature in the "adventure" trailer space. The new unit still has the patented exoskeleton of earlier versions, said Adam Christofferson, senior product manager at Winnebago Towables, "but what we found is we were challenged within the single-axle market. We were challenged with getting something that was lighter in overall dry weight so we could have more cargo carrying capacity." He said the new lighter, more compact Hike 100 single-axle series opens Winnebago Towables up to consumers with different tow vehicles. Winnebago took consumer desires into strong consideration when designing the new Hike including more storage, sleeping space and outdoor living space. All five floor plans in the new Hike series check all three of those consumer-driven boxes. The rear outdoor kitchen offers a portable induction cooktop that can be used inside or out, a convertible cutting board and sink and a Truma portable cooler which can be taken along on excursions away from the Hike.

*Specifications: Length, 16'; GVWR, 2,700 lbs.*

# 2022 TOP DEBUTS

## ENTEGRA COACH LAUNCH CLASS B CAMPER VAN

With an eye on off-grid and off-road adventure, Entegra Coach has unveiled the all-new 4x4 Launch assembled on the Mercedes-Benz Sprinter chassis. Like its sister model Jayco Terrain, the Class B Launch features on-demand four-wheel drive that provides extreme flexibility for on or off-road adventures. The Launch provides features and styling of a larger motorhome including a luxurious interior and enhanced off-grid performance from a 48V lithium power solar system. "Since our entry into the van segment we've seen tremendous growth. The 4x4 space seemed like an obvious next step for us and we're all extremely excited with what we're bringing to market," stated Nic Martin – general manager of Entegra Coach & Jayco Motorized Group.

With notable standard chassis and exterior components, the Entegra Coach Launch exceeds Class B expectations. Included are aluminum wheels with All Terrain BF Goodrich T/A KO2 tires, a 220-amp alternator, a 48V Coleman-Mach 10 Air Conditioner, Carefree armless power patio awning with LED light strip and wind sensor, a double roof rack with moveable ladder, on-board air compressor with front and rear chucks, and the E-Z DRIVE ride and handling package featuring Koni shocks and a heavy-duty rear stabilizer bar.

*Specifications: Length, 19' 7"; GVWR, 9,050 lbs.*

# 2022 MUST SEE RVs

## Aliner Family Expedition

Aliner has developed two models – the Family Expedition and the Family Scout – with three distinct sleeping areas for up to four adults. The Expedition – at less than 2,500 pounds U/VW – includes a cassette toilet, furnace, water heater, air conditioning, dual propane tanks, slideout outdoor kitchen and more.

## Nexus RV Rebel Class C

Built around a 22,000-pound GVWR commercial International CV 4x4 chassis powered by a Chevrolet Duramax 6.6-liter diesel engine, the Rebel – offered in a 30-foot, 11-inch "couple's coach" floorplan as well as a 34-foot, 11-inch

bunkhouse model – combines Super C capacity in smaller, more versatile designs.

The exterior is marked by its seamless gelcoat fiberglass side-walls in one of three graphics schemes as well as high-strength low-alloy lightweight steel cage throughout and a 6.0 Onan diesel generator, while the many interior amenities include porcelain toilet, Whirlpool electric refrigerator and water filtration system.

## Northern Lite Limited Edition Truck Camper

Northern Lite's Limited Edition truck campers bring the high-quality construction and features that you expect from the company's Special Edition slide-in truck camper series and then takes things to the next level. The interior of a Limited Edition truck camper features a solid Sapele hardwood table, premium leatherette seating, and S5-Dometic windows, plus many other standard and optional features. From a week-end fishing trip to full time RV living, the Limited Edition series of pickup truck campers provides the comfort of home no matter the circumstances.

## Dutchmen Voltage Triton Series 4271 Toy Hauler

The Dutchmen Triton 4271 is a new floorplan in a bunkhouse toy hauler than can sleep as many as 16, said Josh Staley, general manager. An early Voltage version with a coffin slide in the bunkhouse, no loft and a 10.5-foot garage presented some limitations that were addressed in the Triton. Staley said customers prefer a 13-foot garage to accommodate a four-seat side-by-side and they also like a traditional mid-bunk area. The Triton also comes in at a lower price point to make it more attractive to young families.

The Triton 4271 is 48 feet long with a GVWR of 21,000 pounds.

## Dynamax Europa 31SS Class C

A new floorplan in the 2022 Europa series for Forest River, Inc. subsidiary Dynamax RV is the 31SS, which is the shortest Super C on the market, said Tony Anagnos, national sales manager. The unit rides on a Freightliner M2 106B Chassis outfitted with a Cummins B 6.7 Turbo Diesel Engine, which provides 360 horsepower and 800 foot-pounds of

torque. An Allison 3200 TRV six-speed automatic transmission links the engine to the drive train. A 245-inch wheelbase offers ease of maneuverability and roomy "farmhouse" interior upgrades abound.

The Europa 31SS is 33 feet, five inches long with a GVWR of 33,000 pounds.

## Forest River Riverstone 442 MC

The MC of the 44-foot Riverstone 442 stands for Man Cave, which is a separate rear living room complete with theater seating, tri-fold sofa, 65-inch Samsung UHD TV, JBL audio system, and 48-inch fireplace. And dropping from the ceiling is a 60-by-80-inch Euro-Lift bed, which turns the MC into a queen-over-queen bunkroom.

"Where we succeed is with products that are different. Our most popular models – our front kitchens, our rear kitchens – they're different than a standard traditional floorplan that everyone builds. You can walk in and feel the value," said Nick Simari, national sales manager.

## inTech RV Terra Travel Trailer

inTech RV has added a twin bed layout to its Terra line of stylish tandem-axle travel trailers. Like other models, the twin bed model features a solar/lithium package, tilt-forward front windshield and plenty of European-style curves.

Thanks to its all-aluminum frame and cage, the weight remains reasonable at 5,850 pounds (UVW) and 7,500-pound GVWR. The coach includes a dry bath, a 15,000 BTU air

conditioning system, a 44-gallon fresh-water tank and heated underbelly. Terra's stylish fit and finish offer a quality alternative to those looking for a smaller travel trailer without dropping into the teardrop-sized models.

## Renegade Classic 25th Anniversary Super C

The semi-customizable Renegade Classic Class A for 2022 from REV Recreation Group offers exclusive 25th anniversary badging inside and out, along with an exterior graphic scheme to celebrate its heritage among race teams, according to Dwayne Kazmierczak, national sales manager.

Fiberglass reinforced plywood construction offers myriad floorplan options. The Classic rides on a Freightliner P4 chassis and offers up to 600 horsepower and twin axles, which allows towing capacity of up to 30,000 pounds. On the inside, consumers get all the amenities – top-end appliances, hard-surface countertops, ceramic

or polished floors and a wide variety of luxury interior fabrics. Renegade Classics range in length from 37 to 45 feet.

## Roadtrek Play Class B

Built for first-time RVers, the Roadtrek Play Class B offers twin bed sleeping with adjustable headrest support, underbed storage, and can quickly convert to a king bed. The Slumber offers all the features of the Play plus the ability to sleep an additional two people in the retractable pop-top.

## Tiffin Zephyr Class A Motorhome

Indulgent comfort. Premium amenities. Modernized technology. Those are the attributes Tiffin touts in its all-new 2022 Zephyr, the flagship of the Tiffin lineup. The new Zephyr includes more luxurious features than ever before. Its 605 HP engine paired with Tiffin's PowerGlide Chassis provides a smooth, powerful ride. The cockpit offers a stunning array of advanced features that keeps drivers confidently in control. The Zephyr's offers myriad upscale amenities and the new MIRA app puts control of all of the coach's systems in the palm of the user's hand, right on a smartphone while in or around the coach. ■

## SATURDAY MORNING

# Market

**T**he Saturday Morning Market in downtown St. Petersburg is celebrating 20 years of providing residents and visitors fresh produce, food, crafts and more. Many customers say this Saturday downtown waterfront market is the most significant improvement to quality of life ever in St Petersburg.

It is the largest farmers market in the southeastern United States and includes more than 170 vendors selling everything from food, coffee, produce, and plants, to clothes and handmade items. Local farmers offer organic and sustainably raised fresh vegetables, fruits, and meats. Artisan food vendors sell fresh seafood, baked goods, pastries, jams, chocolates, cheeses, salsas, and more. 'Ready-to-eat' food from 15 countries includes Greek, Italian, French, Belgian, German, Cuban, Mexican, Ecuadorian, Thai and Cajun. A wide variety of juried craft vendors are on site, along with live music Saturdays during the winter season.

The mission of the market is to be the 'heart' of St. Petersburg — the place where people feel a strong sense of joyful connectedness and creative community. While farmers, great food, interesting crafts, and lively music are all wonderful elements of the market, the founders say the spirit of community is what really defines the Saturday Morning Market experience.

The market is located in the Al Lang Field parking lot on the corner of 1st Street and 1st Avenue S, and is open from 9 a.m. to 2 p.m. Saturdays from early October through late May each year.

See the full Fleetwood RV line-up  
at 615 Midway

Driving A Legacy: Fleetwood is one of the oldest names in the RV industry. We've been around for over 65 years – more than double most of our competition. And that resilience speaks to our product. After all, a company can't stay in business if they build something people don't believe in. But Fleetwoods are the most popular RVs on the road – and it's easy to see why.

**For Family.  
For Fun.  
Forever.**

A new model packed with industry innovations  
and amenities at an attractive price point.

## THE BEST RV GPS APPS AND RESOURCES

### Roadtrippers

If you believe that getting there is half the fun, Roadtrippers is the app for you. Just enter your starting and ending location, and Roadtrippers offers you the chance to add stops to your route, including attractions, accommodations, dining, campgrounds, and more. It even calculates an estimated cost for fuel.

Roadtrippers just released a new feature RVers are excited about: RV-friendly routing. Enter the dimensions and weight of your RV and if you have propane on board, and then Roadtrippers will help you plan a route specific to your RV.

The basic version is free to use, but for a \$29.99 annual membership fee, you get unlimited stops, live traffic updates, and more.

### Togo RV

The Togo RV app now includes RV-specific navigation as a premium feature, available as part of a Roadpass Pro membership (\$49.99 annually). Simply select where you want to go, enter your vehicle measurements, and choose from nine route preferences, such as propane restrictions, tunnel and toll road avoidance, and more. The app will create a route tailored to your RV and preferences, so you can drive worry-free.

## THE BEST APPS AND RESOURCES FOR PLANNING OVERNIGHT RV STOPS

### Overnight RV Parking

Overnight RV Parking is the largest database of free overnight RV parking locations in North America. You can search by your current location, or by a city, state, or zip code to find overnight parking for your RV. Each location is color coded, so you can easily tell if it allows free parking, paid parking, or is part of a membership. It even shows which locations don't allow overnight parking, so you never have to worry if the Walmart in town will let you stay. Access to the database is available with a Roadpass Pro membership.

### Campendium

Campendium lists a wide range of overnight camping spots, from RV parks to free dispersed camping sites. You can search on both the website and app to see photos and reviews from campers who have stayed in each location. It lists what (if any) amenities are available at each site and what cell phone coverage is like, a useful feature for those working on the road. Experience Campendium ad-free and enjoy other premium features with a Roadpass Pro membership.

### Harvest Hosts

Want to park overnight at a winery, brewery, or farm? Harvest Hosts is a membership site that lets self-contained RVs park overnight at unique locations across the U.S. A basic Harvest Hosts subscription costs \$99 per year and allows you to stay overnight for free at more than 1,700 locations, sites typically offer dry camping. Members are encouraged to purchase something from the host to thank them for their hospitality. You can also purchase an upgraded golf membership for \$139 a year, which includes parking at golf courses and country clubs.

CAMPENDIUM APP

Using RV-friendly GPS and overnight parking apps will take the stress out of planning your epic vacation. And while these apps are helpful, you should always have a backup plan. The Rand McNally Road Atlas is the gold standard—and the one your parents probably had tucked under the front seat. State road maps can be found at most gas stations and truck stops.

WEEDON ISLAND

#### Nature Parks continued from page 14

**Weedon Island Preserve** is a 3,190-acre natural area in St. Petersburg on the western shore of Tampa Bay, predominately an estuarine preserve composed of upland and aquatic ecosystems such as mangrove forests, pine/scrubby flatwoods, and maritime hammock, and home to a variety of native wildlife. The preserve is also a designated archaeological area with several shell mounds identified on the property that provide evidence of early peoples who inhabited the land for thousands of years. The preserve is also a well-known birding and fishing site.

A refuge for wildlife in Tampa Bay is **Egmont Key**, home to gopher tortoises and myriad seabirds. Visitors to Egmont Key State Park can arrive by private boat or public ferry. Egmont Key's secluded beach offers great shelling. Visitors can explore a 19th-century fort, plus a circa-1858 lighthouse.

#### Nature Parks continued on page 105

**Hello From Alaska!**

**VISIT US AT A20**

**Alaska is calling  
and I must go...**

## Why a caravan, why ours?

The best reasons our past guests have given...less stress, great friendships, safety, personalized tours, not missing anything, comfortable drive days, and seeing places they would not have thought of visiting on their own.

- Big Rigs Welcome, but Not Necessary
- Small Groups with Personalized Tour Planning
- Pet Walking Services at All Stops
- Owners Lead Each Group

Florida enjoys  
two time zones.  
Gulf County, is  
the only county  
that utilizes both  
the Eastern and  
Central Time

## SPECIAL PRODUCT FOCUS

# ESSENTIAL Products

**There are certain products that are must-haves, that you need to stock up on before you head out on a trip.**

With all the newest and best in RV products, the **2022 SuperShow** is the ideal place to find exactly what you are looking for at the best prices available anywhere. Here is a sampling of this year's must-have accessories.

For more information on any of the products in this section, visit the company websites that appear below a respective product, or see the product in person using the **SuperShow** space information provided.

## AIRSKIRTS

AirSkirts is a new invention that fundamentally changes the way RVs are 'skirted' – skirts protect RVs from extreme weather by means of insulating the RV's undercarriage. Prior to AirSkirts, RV owners were forced to drill holes into their RV or use messy, DIY solutions like Styrofoam to protect their camper from freezing pipes and energy loss. The AirSkirts system is comprised of a series of military grade, inflatable tubes and accessories that inflate under the RV, removing the need for modifications to the RV while providing superior insulation, resistance to wind, and a host of other benefits. Unlike throw-away vinyl skirts of the past, AirSkirts are built to outlast the RV itself, enabling the owner to take the product with them when they upgrade to a new RV.

**Stop by A58 during the show.**  
[www.airskirts.com](http://www.airskirts.com)

Double-U-Bolt

## BLUE OX

Blue Ox Immobilizers eliminate or greatly reduces movement of a hitch receiver shank.

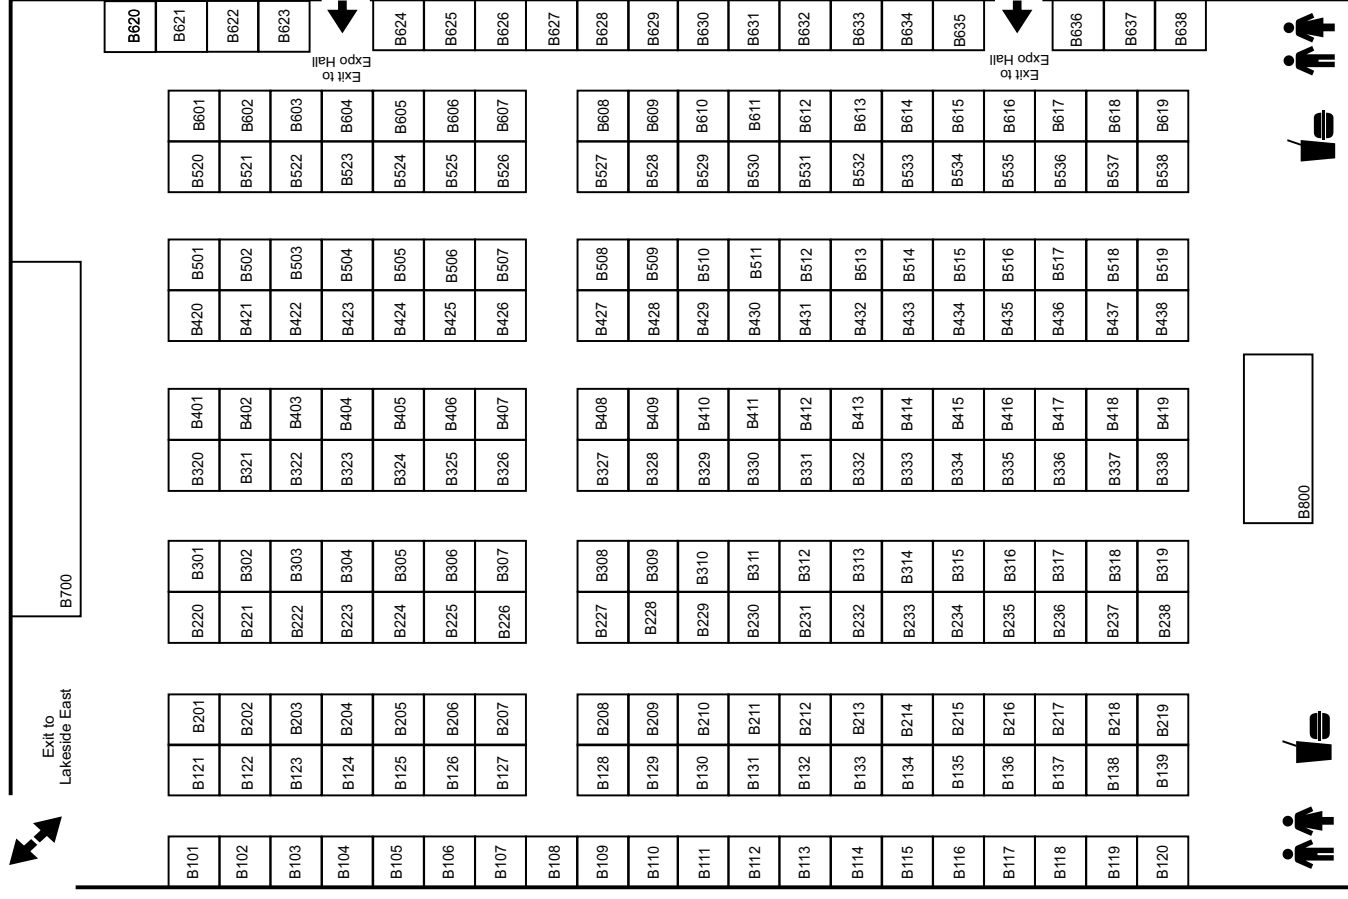

- Keeps hitch-mounted accessories stable and secure
- Eliminates rattle and sway within your hitch receiver
- For tow bars, weight distributing hitches, and other hitch mounted accessories
- Quick bolt-on installation

Available in two types: Single-pull and Double-U-Bolt designs. The single pull uses two bolts and two metal straps to securely fasten around the receiver. Available in three receiver sizes: 2", 2-1/2" and 3".

The Double-U-Bolt design uses two u-bolts and a metal clamp to secure and stabilize the receiver. Available in three sizes: 2", 2-1/2", and a 2" to 2-1/2" to be used on a 2-1/2" receiver with a 2" adapter insert.

**Come See Our Full Lineup At 645 East Midway**

What unites us all is our enthusiasm for adventure and our desire to hit the open road towards new horizons.

## St. Pete Pier continued from page 24

Nearby on the plaza is a huge mosaic of crocheted geometric configurations by artist Xenobia Bailey. Called “Morning Stars,” the mosaic is approximately 23 feet wide and 7 and a half feet high, and consists of several mandalas in different sizes, shapes and colors.

Down at the end on Pier Point is “Olnetopia” by Belgian artist Nick Ervinck. The bronze sculpture represents the “hollowed rocks and the wild waters” and represents the dynamic power of life.

In addition to admiring the many art features, there is much to do on the Pier, of course.

The Tampa Bay Watch Discovery Center offers visitors to the St. Pete Pier a mix of fun and learning. It tells the history of Tampa Bay’s vast estuary and how it has recovered, and highlights the role of Tampa Bay Watch, a non-profit founded in 1993.

At the Pier Plaza, visitors will find an interactive water feature that is both a fountain and a splash pad, with big and small vertical water jets. After a good soaking, visitors can relax on the adjacent lawn to dry-off under the sun and catch a breath. Nearby, shade trees are in abundance, along with a covered pavilion to enjoy snacks and cold drinks.

The Marketplace, located near the Pier’s entrance just off Bayshore Drive, is a solar panel-covered promenade with market-style tents and stalls. It is open Fridays, Saturdays and Sundays from 10 a.m. to 6 p.m.

The Pier opens 30 minutes before sunrise for fishers and boardwalk joggers, and closes at 11 p.m. Parking on site will accommodate 500 cars and numerous bikes. Access is also available via the Downtown Looper and the Central Avenue Trolley. Overflow parking is just three blocks away.

# QUALITY IS STANDARD EQUIPMENT

MODEL 960

FEATURES VARY BY MODEL

MODEL 1995

What most other manufacturers consider optional equipment, ***we call standard, including quality.***

For 2022, the design team at Lance knocked it out of the park with three all new decors and have made over twenty previously optional features now standard. So along with 57 years of delivering some of the best built travel trailers and truck campers on the road, deciding what features you want on your new Lance has never been easier! Kinda like having your RV cake and eating it too!

Enjoy a mile of oceanfront camping located at the south end of Myrtle Beach!

Celebrating 50 Years of

# Ocean Lakes

## FAMILY CAMPGROUND

**RATED**  
10/10★/10

2022 Good Sam  
RV Travel Guide and  
Campground Directory

Open every day of the year, Ocean Lakes is located an hour off of I-95 at the Florence, SC exit. We offer a variety of planned activities, outstanding amenities, service, and lots of southern hospitality so our guests never want to leave!

Summer is all about families having fun. We feature unique amenities like our Skate Park, activities like Kamp Starfish, crafts, bingo, tie dye and more. Float along in our Adventure (lazy) River, challenge friends on our Drop Zone Mat Racer, scream down The Tube slide, or enjoy watching the kids at the Splash Zone or Tad Pool for tots - all included for our guests!

When the kids are back in school our pace is mellow, but the fun and sun never stop. Relax in our pools, shop in our store, let us do the cooking! Enjoy special events like Halloweekends and our Polar Bear Plunge. RV and golf car service and supplies on site. No RV? Book one of our beach house rentals!

# St. Pete Beach

NAMED **NUMBER ONE** DESTINATION IN THE COUNTRY

**S**t. Pete Beach is the best beach in the United States and the fifth best beach in the world, according to Tripadvisor's 2021 Travelers' Choice Best of the Best rankings.

St. Pete Beach's 5 miles of soft sand beat out renowned beaches in Hawaii and California in the Top Ten, moving up from second place in the 2020 rankings. It last took home the top

spot in 2012, according to Visit St. Pete-Clearwater. Their website credits the award to the white sand beaches, warm gulf waters, beautiful sunsets and uncrowded space.

Globally, St. Pete Beach was ranked the fifth-best beach by Tripadvisor, and is the only beach in the continental United States to make the global list.

Three other beaches in Pinellas County stood out on the United States list: Madeira Beach was ranked ninth, Treasure Island Beach 16th and Clearwater Beach at the 18th slot. It was the first year that Madeira Beach and Treasure Island made the list.

Tripadvisor calls itself the world's largest travel guidance platform. Each year the company puts together user-submitted reviews and rankings and honors them in the Travelers' Choice Best of the Best awards. Along with beaches, the website ranks restaurants, national parks, popular destinations, emerging destinations and more.

ST. PETE BEACH | Images courtesy of Visit St. Pete Clearwater

St. Pete Beach is described on the list as: **"A great walking beach with white quartz sand, clear calm water, and seashells by the truckload. The most perfect place to watch the sun set over the ocean."**

## SPECIAL PRODUCT FOCUS continued from page 68

### DIVERSIFIED POWER SOLUTIONS - GASSTOP™

Introducing GasStop™, the ONLY automatic 100% shut-off device for your RV propane system. Have you ever left your propane on while underway and do you know that there are 20,000 RV fires a year? Well, GasStop™ is now here to help.

Though we do not recommend leaving your propane on while driving, GasStop™ will provide the 100% automatic shut down for your family, in case of major propane leak from accident or fire.

In the event of a major leak GasStop™ will instantly and automatically shut off the flow of gas. Not only is this device an easy-to-install, easy to use autonomous must-have safety device, it also can help detect minor gas leaks, and has a useful multipurpose gas pressure indicator so that you never run out of propane.

GasStop™ - The Ultimate in Propane Safety!

### GasGear by GasStop

Introducing GasGear by GasStop propane pigtail hoses from the propane safety experts at GasStop! Tired of lower quality pigtail hoses, and do you have tight spaces while trying to install propane accessories? These unique patent pending hoses incorporate a 90 degree brass elbow that reduces strain on connections in tight spaces. Available in both rubber and braided stainless steel versions, these high quality 90 degree pigtails give you so much more installation options, and at a competitive price! Rated at 200,000 BTU/hr, these provide thermal and excess flow protection with industry leading warranties of 1 year warranty (rubber hose), and 2 year warranty (braided stainless steel).

### GLASTOP RV FURNITURE

Glastop has been supplying and installing premium RV furniture for over 45 years. We've used our extensive experience to design and expand our Captian Chair line. Glastop introduces their 2022 line of top quality Capt. chairs. Chairs with a new compact footrest design allowing for easier swap-out with existing seat pedestals and power units. This collection with its custom tailoring and maximum comfort feel can meet your every option need and application.

New Lambright 73" Harrison Easy Bed Sofa has a queen size tri-fold bed that requires less floor space than a traditional sleeper sofa. This is both a comfortable sofa and a comfortable bed. Bed measures 63"W x 74"L. Sofa can be modified to accommodate raised floor slides up to 4"H.

Available covered in Ultraleather and a variety of cloth fabrics. Amish made in the USA

ABERCROMBIE PARK | Photos courtesy of CityofStPete, Flickr.com

## Nature Parks continued from page 55

Enjoy a picnic and watch the sunset with family and friends at **Abercrombie Park**, one of St. Petersburg's many beautiful waterfront parks. Live oaks shade the pathways, grassy areas, and boardwalk, providing a relaxing respite. Abercrombie Park contains mounds and shell middens that are part of a large pre-Columbian village occupied by Native Americans between AD 140 and 565, during the early Weeden Island period, and again between AD 890 and 1390. The park is located in the Jungle Terrace neighborhood.

VINOY PARK | Photos courtesy of CityofStPete, Flickr.com

In the heart of St. Petersburg is the historic **Vinoy Park**, more than 11 acres of downtown waterfront. The park is named after the adjacent hotel constructed in 1925. This Bayshore Dr. park hosts yearly events including St. Petersburg's Ribfest, Tampa Bay's Blues Festival, Christmas displays, and various other events such as art festivals, concerts, and triathlons. The park opens 30 minutes before sunrise and closes at 11pm daily. Vinoy Park is operated by St. Petersburg's Parks and Recreation group.

### MAGNE SHADE BY HUNCKLER FABRICATION

Magne Shade by Hunckler Fabrication of North Carolina is a patented Magnetic exterior shade system for Motorhomes, RV's, Yachts and more. Magne Shade products are custom tailored to your specific year make and model and is the only system that installs from the ground without need for a ladder! Fast, Safe, Functional. No snaps, No velcro, No suction cups. Our exterior shades are held in place with strong rare earth magnets on the inside of your windshield, simply install our magnets with the included high temperature peel and stick adhesive on the inside perimeter of your windshield, it is truly a do it yourself installation and requires no tools!

You may choose your base Black or Brown fabrics and bindings or option a custom digital image for an additional fee. Our digitally printed shades are printed in house on state of the art commercial equipment so that we control the Ultra High quality of the image you choose, and with literally millions to choose from we are sure you will find something extraordinary to display on your windshield. All of our products are produced at our Mocksville NC and Raleigh NC facilities. We use only the highest quality materials and we are the most custom shading system in the country. Our customers love their Magne Shades and also the great customer service our team provides to our clients. Hunckler Fabrication is a family owned and operated business providing their products to the RV industry for the past 12 years.

Our Patented EZ Fold Tire Covers™ protect the sidewall of the tire so that they don't deteriorate or crack over time due to harmful UV. They are made from high-quality fabric with spring steel sewn into the hem so that they remain tight across your tire. They attach with an elastic strap that is simply placed around the back of the wheel and fold up nicely for storage.

SUPPLIERS

### PROTENG

The Future in Fire Protection is Now...

PROTENG automatic fire suppression systems protect thousands of vehicles globally, including first responder vehicles, school buses, aircraft, and RVs. Not to mention heavy equipment, server rooms, marine vessels and more...

It can eliminate fires, and/or fire risks, in less than a second with a patented, automatic, heat-activated delivery system which can be custom-installed in high risk areas of your RV.

The FM-200 extinguishing agent is a clean agent (no residue) that is non-toxic, non-corrosive, and meets the highest in world standards. It actually protects the U.S. Declaration of Independence. National Indoor RV Centers is the exclusive and official distributor for the RV market.

## TIREMINDER®

### TireMinder i10 – The best TPMS for your 5th Wheel or Travel Trailer.

The new TireMinder i10 is a premium color TPMS designed to continually monitor up to 20 tires, while allowing to swap between up to 4 different vehicles for a total of 40 tires. This TPMS simultaneously displays up to 10 tires at once, automatically swapping between the front (towing) and rear (towed) vehicles. MSRP starting at only \$279. Available in 4, 6 or 10 tire kits. Optional flow through transmitters.

#### Features

- 3.15D Color Display
- Simultaneously displays up to 10 Tires
- Monitor up to 20 Tires Simultaneously
- +/- 1 PSI accuracy from 0-199 PSI
- Add and Swap Between 4 Vehicles
- 3 Year Warranty and Lifetime Customer Support

### TireMinder A1AS – The best TPMS for your Motorhome

The new TireMinder A1AS is the world's first unified monitor and smartphone-based RV tire monitoring system (TPMS). This new model includes the ability to simultaneously display up to 22 tires on the included 5.5D display or using the smartphone app. MSRP starting at only \$529. Available in 4, 6 or 10 tire kits. Optional flow through transmitters.

#### Features

- Large 5.5D Color Display
- iPhone and Android Compatible with Bluetooth 4.0+
- Simultaneously displays up to 22 tires
- +/- 1 PSI accuracy from 0-199 PSI
- 3 Year Warranty and Lifetime Customer Support

Stop by TireMinder during the show at A122 & B332.

## TRUMA

The Truma Aventa rooftop air conditioner is a high-performance, high-efficiency option to enhance the camping experience. The Aventa was designed to achieve faster, more energy-efficient cooling. Truma has identified the "Comfort Zone" as the ideal balance between temperature and relative humidity inside the RV. By reducing humidity as well as temperature, the Aventa is able to maintain desired interior temperatures using lower fan speed. This, in turn, reduces the interior and exterior noise associated with traditional rooftop air conditioners and reduced energy consumption. This allows RV owners to keep their rig comfortably cool without a large current draw. The Aventa was also designed to work with Lithium-ion systems, which are becoming more popular among off-grid campers. The Truma Aventa will be available on select 2022 RVs.

Stop by 680 East Midway to learn more.

From the breathtaking and historic St. Johns River, to preserves teeming with wildlife, West Volusia welcomes campers looking for that once-in-a-lifetime adventure. Whether it's hiking a trail, biking a path, or meandering a downtown street, there's always something worth exploring in West Volusia.

Right now, our Cool Craft Beverage Trail is at the top of the list. From coffee and smoothies to craft beers, wines and mead, it's time to get into the "spirit" as beverage artisans serve up their creations with special offerings and old favorites.

From hot fishing spots to private resorts, woodland cabins, or RV hookups, you'll find happy camping no matter where you decide to stay the night.

# ALL IN THE *Family*

## RV INDUSTRY OFFERS LARGE VEHICLE SELECTION

**T**he term “RV” is a nickname for a whole family of camping vehicles—from towable folding camping trailers to 45-foot-long motorhomes—that combine transportation and temporary living quarters for travel, recreation and camping.

Some RVs provide a simple place for sleeping and eating, while others are virtually luxury lodges on wheels—equipped with conveniences ranging from running water and complete bathroom facilities to air conditioning and digital satellite television and radio.

RVs fall into two general categories—motorized and towables. The following are descriptions of specific types of RVs and about what you can expect to pay for new units.

### MOTORIZED RVs

#### TYPE “A” MOTORHOME

**Size:** 21 to 43 feet

**Avg. Cost:** From \$130,000 to \$260,000

The Type “A” motorhome, powered by a gasoline or diesel engine, is generally the roomiest of all RVs. It is entirely constructed on a bare, specially designed motor vehicle chassis. Properly loaded, it provides a very smooth and stable ride. Any experienced driver can take the wheel, and no special license is required for all but the very largest models, which may require a test to operate in some states.

**Features:** Sleeps up to six people (depending on model). Available with every conceivable luxury, including state-of-the-art appliances and entertainment systems and push-button slideout sections. Many also include basement storage, a satellite dish, a backup camera, hydraulic leveling and a security system.

#### TYPE “B” MOTORHOME

**Size:** 16 to 21 feet

**Avg. Cost:** From \$95,000 to \$158,000

Also commonly referred to as the van camper, the Type “B” motorhome is a customized cargo van. It is highly economical, versatile and maneuverable. The Type “B” motorhome also makes a fine towing vehicle.

**Features:** Sleeps up to four people (depending on model). Provides sleeping, kitchen and bathroom facilities. Most have electric and water hook-ups, fresh water storage and a top extension for added head room. Doubles as a second family vehicle.

#### TYPE “C” MOTORHOME

**Size:** 25 to 35 feet

**Avg. Cost:** From \$77,000 to \$158,000

The Type “C” motorhome, also called the mini-motorhome, provides the conveniences of a Type “A” motorhome in a scaled-down version and at a lower price. The Type “C” is built on an automotive manufactured van frame with an attached cab-over section for added sleeping room which makes it especially popular with families.

**Features:** Sleeps up to eight people (depending on model). Equipped with full sleeping, dining, kitchen and bathroom facilities. Many have a slideout section. Many provide a sleeping bunk atop the cab in addition to a bedroom in the back. When not in use, this overhead compartment can be used as a storage area.

## TOWABLE RVs

### POP UP CAMPERS

**Size:** 15 to 23 feet

**Avg. Cost:** From \$12,000 to \$16,000

This lightweight unit can be towed by many SUVs, and in some cases, by family cars. (For specific towing capacity, check with your auto dealer.) When unhitched, smaller units can be maneuvered by hand into tight spots. Its compact size and collapsible sides allow for quick setup at your destination and easy storage between uses. This inexpensive unit has proven to be the perfect RV for many first-timers.

**Features:** Sleeps up to eight people (depending on model). Combines the experience of open-air tent camping with the comforts, conveniences, and weather protection found in other RVs. Provides sleeping, dining, bathroom (toilet and shower), and kitchen (stove and refrigerator) facilities. Some include a slideout, which creates additional floor space in the center of the unit.

### EXPANDABLE TRAILERS

**Size:** 8 to 16 feet

**Avg. Cost:** From \$12,000 to \$16,000

A cross between a hard-sided travel trailer and a folding camping trailer, the expandable ends pull out to offer more sleeping room. Expandable units are lighter than the conventional travel trailer and often more affordable.

**Features:** Sleeps up to 8 (depending on model). Lightweight versions have been designed specifically for towing behind many six-cylinder family vehicles. It is important to match the loaded weight of the RV to the towing capacity of the tow vehicle. Always check your vehicle's owner manual for towing weight restrictions and have your tow package professionally installed.

### TRUCK CAMPER

**Size:** 8 to 20 feet

**Avg. Cost:** From \$17,000 to \$20,000

You can load this economical unit onto the bed or chassis of many pickups, and you're ready to travel those backroads to remote camping areas. (Check your pickup's gross weight vehicle restraints before attaching a truck camper.) Once there, you can detach the camper and set it on its own jacks — and use the pickup separately. A truck camper provides the benefits of a self-contained motorhome and a towable trailer. It's a great way for many first-timers to begin RVing.

**Features:** Sleeps up to six people (depending on model). Provides a variety of floor plans and options, such as bathrooms, kitchens, air conditioners, extended cabovers and pop-up roofs.

### FIFTH-WHEEL TRAVEL TRAILER

**Size:** 21 to 40 feet

**Avg. Cost:** From \$55,000 to \$67,000

Built to be towed by pickups with a special hitch, these bi-level units provide great living space. As with all towables, the fifth-wheel travel trailer can be detached at your destination.

**Features:** Sleeps up to six people (depending on model). Provides sleeping, dining, bathroom, and kitchen facilities, along with electric and water systems. Many include one or more pushbutton slideout sections. Offers a second-level living or sleeping area over the truck bed which allows for even greater space on the main floor. Many have large picture windows at the rear for panoramic views.

### TRAVEL TRAILER

**Size:** 20 to 35 feet

**Avg. Cost:** From \$23,000 to \$33,000

Travel trailers can be towed by certain cars, SUVs, vans and pickups. (New lightweight travel trailers have recently been introduced that are light enough to be towed by six-cylinder vehicles.) Travel trailers attach to the towing vehicle with a bumper or frame hitch. They also can be detached for convenient local travel to and from the campsite.

**Features:** Sleeps up to 10 people (depending on model). Provides sleeping, dining, bathroom and kitchen facilities along with electric and water systems. Many include push-button slideout sections for greater living space.

### SPORT UTILITY RVs

**Size:** 19 to 39 feet

**Avg. Cost:** From \$30,000 to \$60,000

Featuring a built-in garage used for hauling cycles, ATVs and other sports equipment, these units are equipped with a fold-down door for storing your towables into the RV. These are available as motorized and towable (as travel trailers or fifth-wheels). The towable versions can be detached at your destination, freeing up your vehicle for local travel.

**Features:** Sleeps up to eight people (depending on model). Provides sleeping, dining, bathroom and kitchen facilities along with electric and water systems.
